CHEESE USE
It seems probable that the use of all cheeses will show an increase during the year, states Catherine Love, Penn State extension consumer economics specialist. If this happens, a new record in the amount of cheese used in this nation will be set. Although natural cheeses are still the number one choice of many families, processed cheese spreads show a noticeable increase in popularity and demand.
In 1890 the reappearance of sensationalism, the rise in prominence of evening papers, and great improvements in the mechanics of newspaper production marked a turning point in the evolution of the American newspapers.

Favorite Hymn

(From page 1)
to Protestantism.
Jewish people traditionally chant their religious services in a minor, somewhat somber key.
Moslems call the faithful to daily prayer by a sing-song chant. Hindus and Buddhists frequently use music, as well as dancing, in their religious ceremonies.
Roman Catholics have sung mass in Latin for centuries.
But religious music never achieved its high degree of integration with religious services until the advent of Protestantism. Indeed, most of the hymns we remember from childhood were composed by some of the most famous reformers and ministers in Protestantism.
Luther wrote "A Mighty and Powerful" which is still sung in many churches. He also wrote "Christ the Lord is the King of the Jews" which is still sung in many churches. He also wrote "The Church's One Foundation" which is still sung in many churches.

Banquet sponsored by the Board of Christian Education. On Tuesday morning at 12 noon, from the Salunga Church of the Brethren to go to Philadelphia to attend the afternoon service of the Billy Graham Crusade.
Hempfield held their first teacher's institute September 6, during which time the teachers heard Dr. Millard Gladfelter, president of Temple University.
