How truly inspiring it is as we continue to see the power of God marching on in our community. Here we have a perfect example of "Action speaking louder than words", especially when we realize Sunday

Borough Manager Report

Mount Joy's Borough Council has made no decision table the matter for the pres- ent as to whether or not to em- ploy a borough manager. Questions concerned, "How much would the borough manager be paid?" "Would a Borough Manager be paid?" "Would a Borough Manager be paid?" "Would a Borough Manager be paid?"

At its Monday night meet- ing, Council received a re-man- ager report from the Auth- ority. The report, made after many months of study and survey by an eight-man com- mittee representing the Bor- ough, endorses the Council- Authority, the Chamber of Commerce and the communi- ty at large, looked with fa- vor upon employment of a borough manager and recom- mended that the matter be placed on the ballot this fall for vote by the people. Council and members of the Councilmen took a dim view of the proposal. The ly to discuss details of a four members of the council who had not been members "It is recognized that the 'ee raised questions, asked Manager will entail added what is the deadline for expense to the Borough of an placing the question on-

This does not mean that Council will be eliminated, but rather it becomes a policy making body, basing policies upon recommendations of the Manager, and hiring the Manager to efficiently execute the policies so formulated."
