

Christmas Clubs To Put \$200,000 In Local Hands

This week, some 2100 Christmas Club members in this community are making their final payments on savings plans which within the next few weeks will return them nearly \$200,000. Both local banks - First National Bank and Trust company and its branch and the Union National Mount Joy Bank and its Maytown branch - will be closing out the 1961 accounts for miscellaneous purposes.

Now, here's a record. Charles Derr, Marietta ave. has begun his 44th year as a truck driver and has driven more than 2,000,000 miles with only one accident.

And, not only has he had only one—it was slight and he says, "took it on himself to save several cars from being up."

Charlie began driving for Clarence Schock with a two-cylinder auto car, with solid tires, no side curtains, no windshield wiper, no heater. Now, a driver for New Standard, it's "like you were your own living room."

A great safety enthusiast, Charlie paces much stress upon use of turn signals to inform other drivers what to expect.

There has been no announcement yet of any change in plans, but there has been a possibility that Donegal high school - Union Trade School football game will not be played.

Patton always has a small football squad and this year no different. However, injuries have reduced the number of boys available to the squad until as of last week had only about 13 lads in addition to wear uniforms.

There is a possibility that another game will be dropped to end the schedule on Saturday, Nov. 11.

However, one schoolman is noted as saying that "if there has more injuries and obliged to play with only men, then we'll play with 10 men."

Measure of a Man
T - "How did he die?"
T - "How did he live?"
T - "What did he gain?"
T - "What did he give?"
These are the units to measure the worth of a man, as a man regardless of birth.

T - "What was his station?"
T - "Had he a heart?"
D - "How did he play his God-given part?"
T - "As he ever ready?"
T - "With a word of good cheer, to bring back a smile or banish a tear?"

T - "What was his church?"
T - "What was his creed?"
T - "Had he befriended those really in need?"
T - "What did the sketch of the newspaper say?"
T - "How many were sorry when he passed away?"

HORSES TO RACE -- JUST LIKE THE OLD DAYS

In the "good 'ol days," the young blades of the town romped their horses up and down Main street. For a time the people enjoyed on and enjoyed the fun and activity. Later the sport was frowned upon as "too dangerous." The horse racers were finally pushed off Main street and things quieted down until a new generation of "horse-power" lovers took over. In the meantime, however, the horse racing sport has several months ago when it died out. It has just found a new location for its activity. And—there are still plenty of people who get a "kick" out of the sport. Some even travel out of the state and spend a lot of money in the "king of sports." Others just like to see a race. Thus, on Saturday afternoon, Nov. 11, at about 2 o'clock, there's going to be a horse race. The race will be on the H. B. Endsloew airport, near Donegal church, where there will be plenty of local talent involved. The whole thing started several months ago when Curvin Martin, south of Lancaster, bought a harness horse and began having a little "kick" around. He got talking to Richard Nissley of Landisville, who also has a couple of harness horses. One thing led to another and the race was set for Saturday, Nov. 11, at the H. B. Endsloew Airport (Donegal Airport) is P. J. Haven owned by Curvin H. Martin, who is shown with the reins. With him is his daughter, Mrs. Embree Drake of Phoenix, Ariz. "P. J." is an 'ol track horse with plenty of style, flash and another and one word to an- other until finally, several weeks ago they had a race. It wasn't completely sat- isfying—some view-and ridden by Clyde Wivell points—so they have arranged to race again. But—to add a bit of spice, Lighty, Mount Joy R.D., and they have invited some other horse lovers to take part in and finally the date has been set. Anyone interested in seeing the races is invited — no charge, of course.

Tribe Wins Game No. 2
A record has been set at Donegal high school! The Indian football team has won two games this season and chances are they can win another. Saturday the Tribe had its biggest day in history, winning a Conference of Roses game, 34 to 0, as cellar bound Solanco was clobbered from first to last. Statistics gave Donegal a huge advantage — including fumbles and penalties — in practically every department of the game. The Indians operated from a two-touchdown advantage in the first period and there was never much doubt about the final outcome — it was just a matter of how many touchdowns and how long. Ray Livingston again was the big gun of the day running and passing and leading the Indians. He carried over four of the Indians' touchdowns and tossed the fifth to Coach John Stachura used 23 Donegal gridders during the afternoon. This week the Indians play their final conference game of the season, going against Warwick at Lititz on Saturday afternoon.
