Anyone and everyone inheld its January meeting on School Board Thanks Dan Wolgemuth

Daniel M. Wolgemuth

Florin, Pennsylvania Dear Mr. Wolgemuth, Now that your ties with the Donegal Union

School District Authority have been severed, the members of the Donegal Union School District Board of Education wish, by acclamation, to thank you for ten years of faithful service as a member of the Authority, whose chairman you have been since its incep-Authority members have come and gone, but

none has equalled your selfless devotion to a job rich in problems and poor in thanks.

We shall never forget your cheerful, unassuming conduct in all affairs relating to the emergence of the Donegal Union School District. Your contributions in time and energy have been incalculably great.

We are mindful of the many hours you have spent in meetings with the Authority, the School Board, attorneys, state, county and local officials, contractors, architects, bond counsel and bank officials - hours selflessly robbed from business and personal pursuits.

We are indebted to your wise and guiding hand that helped effect a smooth transition from four partisan, disparate school districts into one united, cohesive school district.

We are appreciative of the goodwill engendered by your personally conducted "open-house" tours of

the Donegal High School at the time of its opening. The memory of the inestimable good that has resulted from your association with our School District cannot but stimulate those of us remaining in charge of school administration.

We accept the challenge devolving from your leadership, knowing that our task is already easier because of the foresight and example you have exhibited.

We wish you long years of health, happiness and peace. If you should ever care to reassociate yourself with our School District, in any capacity, we could only gain by such a decision.

Very truly yours, DONEGAL UNION SCHOOL BOARD Mrs. Patricia J. Eicherly, Sec'y
