Tabasco Seasons A Good Egg

March is Egg Month—a good time to enjoy nature's neat, nutritious package of complete protein, essential vitamins and minerals. Whether you boil, bake or poach it, seasoning is important to an egg, and Tabasco, the zesty liquid red pepper, is ideal. A satisfying, healthful breakfast consisting of a glass of tomato juice, one egg, two strips of bacon and two pieces of lightly buttered toast adds up to only about 400 calories.

TABASCO EGGS
Tabasco Soft-Cooked Eggs: If eggs are started in cold water, bring water to boiling point; turn off heat; hold in hot water 2 to 4 minutes—after heat is turned off. If eggs are started in boiling water, turn off heat; hold in hot water 6 to 8 minutes—after heat is turned off. If 4 or more eggs are to be cooked at one time, do not turn off heat entirely, but reduce it until water is at a simmering temperature. Hold eggs at simmering temperature 4 to 6 minutes. Exact time will vary according to individual tastes, the size of eggs and their temperature at the time cooking was begun. Season with 2 drops of Tabasco.
Tabasco Baked Eggs: Lightly butter individual baking dishes. Add 2 tablespoons light cream or milk with 1/16 teaspoon Tabasco to each dish. Carefully break in eggs. Sprinkle lightly with salt and paprika. Bake in a slow oven (325 F.) 12 to 18 minutes or until eggs are set.
Tabasco Poached Eggs: Fill poaching pan half full with water; boil. Lower to simmering temperature. Grease poaching unit with a little butter or margarine combined with 2 drops Tabasco; heat until butter is melted. Carefully break eggs into unit and cook over simmering water 4 to 6 minutes until whites are solid and yolks are of desired firmness.
