

### PP&L Announces Lower Rates For Customers

Pennsylvania Power and Light Company's new lower rates, representing annual savings of about \$3 million for more than 93 per cent of the Company's residential and farm customers, will be reflected in electric service bills immediately.

G. T. Storb, PP&L Lancaster division vice-president said that the new rates became effective Wednesday, May 1, and will apply to all meter readings made on and after this date. The new rates apply not only to electric service used starting now, but also to electricity used since the previous meter reading. For example, those customers whose meters are scheduled for reading May 1 with their bills to be mailed on May 6, will find the new rates applied to service supplied as far back as the first week in March.

The local utility executive noted that normal practice is to read a certain number of meters every working day. "With more than 880,000 meter readings over any two-month period, it is imperative that the readings be spread out as evenly as possible. It would be impractical and even impossible to concentrate this number of readings and billings at a particular time of the month. Thus, if the rate were to be applied only to service used after May 1, it would require pro-rating of bills based on the different rates existing before and after May 1, a cumbersome and expensive process. By applying the rates fully to the entire period covered in each customer's billing, not only are the expense and complications of pro-rating avoided, but our customers are able to benefit from the new low rates at the earliest possible moment."

### Holsteins Set Top Records

New official production records by registered Holstein cows in this area were highlighted this week in a special report from the Holstein-Mriesian Association of America.

They include: Clevent Golden Denna 45-02135, a three-year owned by Henry M. Hess, Mt. Joy, produced 15,070 lbs. milk and 611 lbs. butterfat in 365 days. Wick Haven Texal Jean 3688813, an eight-year-old, produced 18,439 lbs. milk and 767 lbs. butterfat in 365 days. Wick Haven Fern De-light 4177828, a six-year-old, had 19,041 lbs. milk and 709 lbs. butterfat in 365 days. Both are owned by A. W. Wickenheiser, Mount Joy.

According to the national Holstein organization, the new production figures compare to an annual output of 7,211 lbs. of milk and 270 lbs. of butterfat by the average U. S. dairy cow.

Pennsylvania State University supervised the deighing and testing of the Holstein records as part of the breed's nation-wide herd testing programs.

### Weddings

**STERN — MUSSER**  
Miss Lucille Ann Musser, daughter of the Rev. and Mrs. Avery Musser, Marietta R1, was married to W. Dean Stern, son of Mr. and Mrs. Samuel Stern, Roaring Spring R1, in the Cross Roads Brethren in Christ Church, Mount Joy, on Saturday, April 27, at 1:30 p.m.

The bride's father, the Rev. Mr. Musser, officiated, assisted by the Rev. Danie Hoover. The bride was given in marriage by her grandfather, the Rev. Irwin O. Musser, of Harrisburg.

Miss Beth Musser, cousin of the bride, of Grantham, was maid of honor. Bridesmaids were Miss Connie Anderson, Mount Joy; Miss Darlene Haas, Grantham, and Miss Ruth Spickler, Mount Joy. Connie Stern, niece of the bridegroom, of Martinsburg, was flower girl. Dennis Goretzke, Elizabethtown, was ring bearer.

Dale Stern, Martinsburg, served as best man for his brother. Ushers were another brother, Donald Stern, and a cousin of the bridegroom, Wayne Burket, both of Martinsburg; and cousins of the bride, W. Ronald Goretzke of Elizabethtown, and James Bailey, Ephrata. Miss Lois Thuma was organist. Larry Moyer was soloist.

Following the reception at the church social rooms, the couple left on a wedding trip to Niagara Falls and northeastern states.

The bride graduated from Donegal Senior High School in 1962 and Thompson Institute, Harrisburg, in the IBM automation course, and is employed by the Maytown Mfg. Company. The bridegroom graduated from Messiah Academy, Grantham, in 1960 and is employed in farming as a partner in Samuel Stern and Son.

The couple will reside at Roaring Spring R1.

### FAMILY NIGHT

"Family Night" was held for friends and family by the Audio-Vis Club of the Annex. Approximately 150 people were in attendance to see the film "Treasure Island". Prior to the showing of the film, the club president, Dallas Wolgemuth, welcomed the gathering, introduced the other club officers and explained the purpose and junction of the club.

### Farmers' Assn. Holds Meeting

The members of the Donegal advisory council, a part of the Lancaster County Farmers' Association, discussed "The Wheat Referendum" at their regular meeting, Tuesday, April 23.

Donegal Ney, discussion leader, said that under the provision of the Food and Agricultural Act of 1962, wheat producers are to be offered a choice between a complicated multiple price program and a relatively low support price with greater freedom to run their own business. The real issue, however, is whether agriculture is going to adopt the Cochran - Freeman theory of supply management.

Wheat, feed grain, poultry, dairy, and livestock, in fact all Pennsylvania farmers, will be affected by the outcome of the 1963 wheat referendum according to the leader. He stated that, if the wheat referendum is passed, it will set the stage for more government control of farming. Corn and the other feed grains will be forced to follow. The end result will be complete government control of the livestock industry in that the government will determine how much is to be produced. When inputs are controlled, the number of dairy cows or the number of poultry raised is automatically regulated.

### HAM DINNER

The Donegal high school band Parents club will have a ham dinner in the cafeteria on Saturday, May 4, from 5 to 7 p.m. There will be music by the stage band. Proceeds will be turned over to the uniform fund.
