

Parents who drive their children to and from school should let them off and pick them up on the side of the street where the school is located, advises the Allstate Motor Club. This eliminates the necessity of having children cross the street.

Prayer Of The Week

The prayer this week is by Harry Emerson Fosdick:

"Grant us appreciative souls. If the hardships of the world have embittered us until the benedictions have been forgotten, remind us, we pray thee, of all the spiritual assets of life. Make real to us again the background out of which have come the nobler aspects of our heritage, the resources of power within our reach, the friends that have not been untrue, the persons that have not been unkind. Refresh our hope and courage. For Jesus Christ's sake. Amen."

Driving alertness should be increased and speed reduced as the clear width of road ahead narrows, the Allstate Motor Club suggests. Two cars approaching each other at 60 mph, close a 1,000 foot gap between them in just over five seconds.

It is a simple matter to crochet the small shoes, booties and cap for the newborn baby. These items are new and decidedly easy to make. Send for No. 191.

Let any vehicle transporting children cross in front of you, whether it's a school bus or not, the Allstate Motor Club urges. It's better to yield the right of way than to take a child's life.
