

Letters to the Editor...

Sept. 18, 1963

ATT. Editor
Dear Sir,

Monday, September 9, 1963 7:30 p.m., the Borough Council held their regular meeting at which time a motion was passed in effect that an ordinance be drawn regarding a curfew.

My opinion is, that a curfew is only necessary to curb vandalism and juvenile delinquency during stated hours of the day, and made for the exception, rather than the rule.

We of Mount Joy can certainly be proud of our young people, for they are the best behaved of most any community in the county, and perhaps we may even encompass a larger area, and therefore a curfew is not necessary.

During the meeting, attention was focused on the fact that so many of our surrounding communities have a curfew, SO WHY DON'T WE??? another reason might be—is the ordinance committee trying to impress us with their importance and make us believe that it is a busy little beaver, regardless of what the ordinance might be or who it will effect. Then maybe they are trying to set a goal as having been the top ordinance copiers on record.

I use the word "copiers", as it seems to follow a distinct pattern, that when a new ordinance in a surrounding community is passed and published, you can bet a new felt hat against a hole in a doughnut, our committee will have a copy of it for presentation to the council at the following meeting.
