Donegal high school (and the entire community) is rejoicing and enjoying Donegal high school's new success in football this season. With school spirit at a new high, we would mention that we would swell with equal pride if a D.H.S. student would win a Merit Scholarship.

This year one student won an "honorable mention" rating, Jay Ronald, Hess, son of Mr. and Mrs. Paul E. Hess.

Most recent reports indicate that a traffic light at Angle & Main streets would cost several thousands dollars.

One thoughtful person in the Florin neighborhood wondered out loud if a light is worth that much money, considering that within the next few years—two or three, possibly—a bypass around Mt. Joy will automatically correct the traffic problem at that point.

Although some communities have been hard hit by the dry weather and have had a water shortage, Mount Joy, to date, has not felt the pinch. That kind of a statement may be like saying that the gun isn't loaded but an inquiry early this week brought that information from a member of the Borough Authority.
