UNIQUE, NEW CEILINGS FROM
Armstrong

These unique, new Armstrong Ceilings feature delicate decorative effects created by dimensional plastic designs. They're something different in modern ceilings. An exclusive new process puts delicate raised white-on-white plastic designs right on the ceiling surface. And these attractive ceilings are unusually washable, too. They don't crack, chip, or peel, either! Something else: it's easy to install an Armstrong Cushiontone® Ceiling yourself.

Available in two genuine acoustical Cushiontone designs, Berkshire and Fairfax. This decorative finish is also available in two nonacoustical Bermuda Temlok® Ceilings accented with subtle color chips and metallic flecks.
