will have an immediate appointment to make to fill its ranks. The removal from the town of John E. Wolgemuth will make necessary the naming of his successor.

We've already heard three names mentioned — George Albert, Joe Dolan and James Roberts.

Another clipping of interest to Mount Joy readers —

"City officials in Galion and Crestline have decided to give citizens an expensive Christmas gift by allowing free parking and actually removing parking meters. The coin-grabbing heads were taken off yesterday, but the poles remain.

"Galion's city council has authorized the removal of over 280 parking meters downtown and is allowing free parking with two-hour limits during November and December. The 60-day period will also be used as a survey to determine whether the meters may be removed permanently." — Galion, Ohio. Clipped from Cleveland Plain Dealer.

An item in the news this week indicated that Middletown has 190 parking meters for sale. A local observer quipped, "There's a chance to get some cheap machines to put in Florin."

A couple of his friends — and he had many of them — were discussing Claude Zel-

ler's death last week.

One man, who is about Zeller's age, remarked that he was 75 years old.

"But," continued the other man, "on the other hand he had had fewer than 20 birthdays. He was born on February 29th."

Someone later figured up he had 17 birthdays.

If you want to figure a bit, leap years are those which are divisible by four. But a year ending in 00 is a leap year only if it is also divisible by 400.

Post Office To Aid In Survey

Postmaster Elmer Zerphey of the Mount Joy Post Office has announced that rural mail carriers and star route contractors will begin to distribute the 1963 Livestock Survey cards about November 18th. Livestock Cards will be placed in the mail boxes of a sample of farmers served by the Mount Joy Post Office.

This survey is one of two State-wide surveys conducted cooperatively each year by the Post Office and Agriculture Departments. These surveys serve as a basis for estimating number of livestock on farms; Livestock production; the size of the pig, calf, lamb and wool crops; and the number of chickens raised. This information is of considerable importance to farmers, livestock industry, industries serving agriculture, public agencies and the general public.

Postmaster Zerphey urges each patron to complete the report as fully as possible and return it to the carrier promptly to assure that the locality is adequately represented.

HOST TO ASSOCIATION

Slim Miller, Mount Joy Restaurant, was host Wednesday night, Nov. 13, to the Lancaster County Restaurant Association.

Jr. High Ends Grid Season

The final junior high school football game with Ephrata, after two postponed dates, was finally played on Friday, Nov. 8, with Donegal winning by a 33-13 score. Terry Crider scored on the first play from scrimmage and went on to score two more touchdowns. John Hay and Ray Wagner each scored for Donegal. The game was completed in darkness and all of the Donegal players got to see some action.

This completed the junior high season with a record of four wins and two losses. They outscored their opponents 101 to 91. Since the junior high team last year was undefeated in five games, the future for the Donegal varsity football could be very bright.
