

No other country compares with the U. S. in the weekly newspaper field. The weeklies, varying in size from a few hundred to 15,000 subscribers. They have a combined circulation of over 21,000,000 and an estimated readership of 80,000,000.

es, keep tab on members of Congress and legislation, and take readers to the heart of a news story in the making.

Advertising in newspapers is news. It is information about merchandise, services or

ideas and inventions of people who pay to have such news published so that the consumer "may know".
