Number of Fires Rises in Winter

The number of fires always rises in the winter months when heating plants are in operation, and the National Board of Fire Underwriters urges that homeowners be sure heaters are working properly for their own family's safety.

Every seventh fire in the United States is caused by a defective heating unit or defective or overheated chimneys and flues according to studies by the National Board.

The possibility of a heating plant fire can be minimized by following these simple suggestions:

- 1. Have heating unit inspected at least once a year by a qualified serviceman. 2. Periodically inspect the (Turn to page 15)

Give a Gift for the HOME GRANDMOTHER'S CLOCK

STYLE NO. 6 - "THE QUEEN"

WESTMINSTER CHIMES

Height 63" Width 14 1/2" Depth 8 3/4"

This is the smallest of the Daneker Floor Clocks.

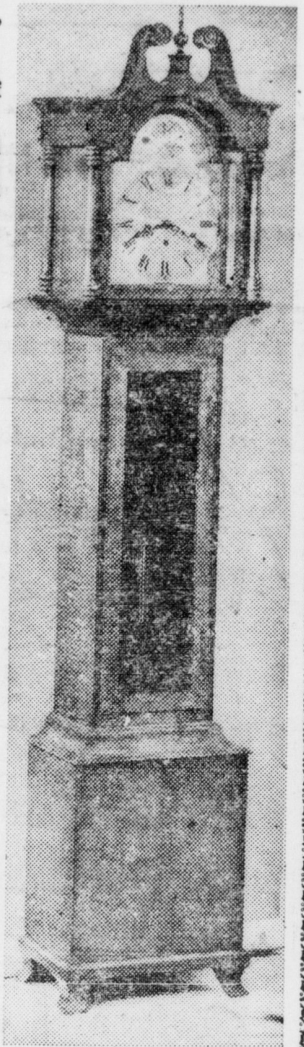

Crowned with three solid brass finials, and with a solid brass dial imported from Germany, this little Queen takes her place in any small apartment or on the landing of a split level home.

This clock has the same movement, and is available in the same woods and finishes as the No. 66 Daneker Floor Clock. The glass or paneled body door is optional.

Truly this little clock with the Westminster Chimes reigns as QUEEN in the modern as well as a period home.
