

Careful driving calls for reduced speed on residential streets, particularly near parked cars. The National Safety Council says most child traffic accidents occur when a youngster runs into the street from behind a parked car.

One of the hardest secrets for man to keep is his opinion of himself.

22,127,000 Vets In U.S.A.

Today, 45 years after the close of World War I, and approximately 18 years and eight years after World War II and the Korean Conflict, there are 22,127,000 veterans in the United States, according to the most recent estimate by the Veterans Administration.

Seven out of ten veterans served during the Korean Conflict while one out of nine had service in World War I. The number of Spanish-American War veterans is estimated at 21,000 and there are 23 veterans of the Indian Wars.

Average age for all veterans is 44. Indian Wars veterans are in their 90's; veterans of the Spanish-American War average 85.3 and World War I veterans average 69.1 years.

World War II veterans average 44 with the youngest in their 30's and the oldest over 80. Korean Conflict veterans are just under the 32 year average with some of them still in their 20's. California leads the nation

in veteran's population with 2,361,000 servicemen and women. New York is second with 2,173,000 and Pennsylvania is third with 1,450,000. Alaska, with 24,000, is the state with the least number of veterans.
