

Joins Youth for Christ Team

Larry Moyer, Messiah College sophomore, has been selected for Youth for Christ Teen team to S. America. Under the direction of Wendy Collins, the team will spend approximately six months in services. A three-week training period begins Feb. 5 in California. Following this period the team will tour eastern United States, then leave for Brazil from Miami approximately Mar. 7.

The team is composed of 5 young people from various sections of the United States. They are all talented musicians both as instrumentalists and vocalists. One is a student from Germany who is fluent in the Portuguese lan-

guage and will do the speaking for the team. Each member contributes approximately \$1200 toward the expenses. The funds for Larry Moyer will be provided by donations from interested friends.

The team plans to spend approximately 4½ months touring throughout Brazil, giving services in about sixteen cities. They will also do personal work and visitation activities. Following their return to the United States, they will be featured at the International Youth for Christ Convention at Winona Lake in July.

Larry was graduated from

Donegal high school in 1962. He participated in the Youth for Christ activities of the Lancaster Rally, where he represented the area on the quiz team at the regional conference at Ocean City in '62.

Larry, with his family, have spent two years in mission work in Virginia. He has completed a year and a half of study at Messiah College, where he is majoring in Bible. While at Messiah College, Larry has been a member of the Choral Society. He is the president of the sophomore class and first tenor in the Master's Quartet. He also plays trumpet in the student orchestra. Upon completion of his college degree, Larry plans to enter Christian ministry, perhaps in the field of youth activities.

The count continued to fall until by Monday the heavy crush of outgoing mail was nearly normal.

However, deliveries continued heavy as incoming mail continued to reach Mount

Joy.

Carriers continued on a "forced draft" basis right up until Christmas, doing everything possible to make all possible deliveries before Santa's arrival Tuesday nite.

Tribe Grabs One-Pointer

It was a thriller and a win for the Donegal hardwood Indians Friday night, Dec. 20, at Penn Manor!

It took a last-quarter rally to turn the tide, 57-55, for the final league game of the 1963 season.

Manor had a 56-55 lead with 34 seconds remaining and victory looked as if it was to the hosts. However, John Gohn went to the free toss line for a one- and -one try. The first was good, to tie the count 56-56. His second, then, also was good to wrap up the game and snatch it away for Donegal.

Although John was the hero of the moment, another John, by the name of Brown bombarded the nets for a startling 24 points. Mike Lipold had 14 and Gohn totalled an even dozen and that's good spread for any ball team!

Donegal now holds two league wins and only one loss as the old year bows to

ward a close.

On the 27th the Tribe plays the Alumni on the Donegal floor. After the holidays, Hempfield comes here for a January 3rd game.

Friday night the Penn Manor JV's won from Donegal 43-29.

Christmas Mail At High Level

Tuesday, Dec. 17, was the "high water" mark of the '63 flood of Christmas mail in Mount Joy.

On that day, the local post office put 18,748 pieces of mail through its cancelling machine as well as handling a heavy influx of parcel post packages and of metered mail, which are recorded on the statistical chart.

Wednesday, the 18th, the volume count dropped to 16,100 and on Thursday, the count was 15,015.

YOU'LL AGREE that a saving of \$25 to \$200 in finance costs on a major gift will stretch your Christmas funds much further. On your auto . . . furniture . . . sports . . . camera . . . jewelry purchase — financing costs less at a bank — The Lancaster County Farmers National Bank, Mount Joy and Florin Branches.
