### E'town Briefs

A three-year fund raising program is to be launched by Elizabethtown College April 10, with a goal of \$1,250,000.

Three major buildings are included in the program: a library, classroom building, and a physical education building. Preparations are already under way to contact alumni, friends, the supporting church constituency, business and industry, and foundations to seek gifts.

President Roy E. McAuley, speaking for the board of trustees, said, "This drive is a big step in our plan to provide the needed facilities to serve a student body of 1200 students."

### NO "ICE BOX DRAIN" FOR DEFROST WATER!

In many frostless refrigerators you'll find an old-fashioned "ice box drain" for defrost water under the crispers. But not in Kelvinator! A special tube carries this water down the outside of the cabinet to the evaporator pan. It never runs down the cabinet wall—has no chance to contaminate food.

### SAVE UP TO \$1.41 A MONTH!

In test after test Kelvinator "No-Frost" has proven to be far more economical to operate than other types of systems. You can actually save up to \$1.41 on your electric bill every month! And there's far less to go wrong because Kelvinator uses one trouble-free system for both refrigerating and removing frost.

### YOUR BEST BUY... KELVINATOR 50th ANNIVERSARY VALUES!

You get outstanding quality, dependability and economy of operation in new Kelvinator Appliances. They are the result of 50 years of leadership in home appliances, including the first successful electric home refrigerator. And through a unique Constant Basic Improvement program, American Motors brings you more real value in Kelvinator appliances, just as it does in Rambler cars.
