

### Parcel Post Rate Ups April 1

Postmaster Elmer Zerphey this week has reminded the patrons of the Mount Joy post office that on April 1, new increased domestic parcel post rates will become effective.

The increase, averaging about 13.1 per cent is expected to yield about \$75.4 million annually.

To illustrate the effect of the new rate here, Zerphey noted that a six-pound parcel, which is average for local delivery, will cost 37 cents instead of 32 cents.

The higher rates do not affect air parcel post or international parcel post.

Postmaster Zerphey said he has been advised by Postmaster General John A. Gronouski that the decision of the ICC will assist the Post Office Dept. in carrying out its objective of reducing the drain on the Federal treasury by \$100 million.

The last parcel post increase was on Feb. 1, 1960 the postmaster pointed out.
