he is trying to blacken my reputation by saying I am a shylock and greedy and intensely selfish.

"I was dating a new man and this brother of mine actually stabbed me behind the back with those very words, so I have washed my hands of him.

"Maybe I should have done it long ago. What do you think, Dr. Crane?"

MAKE NO ALLOWANCES

It may seem harsh to some of you doting mothers and overly indulgent older sisters like Nellie, but you actually harm two people when you place a child on a dole, otherwise labeled an "allowance".

First, you create a financial weakling who will tend to rely on you to get him out of his bad debts.

And if you ever submit to this sibling blackmail (for that's what it often amounts to) you yourself may ruin your own happiness, too!

Nellie thus lost a chance at happy marriage because she subsidized her wastrel younger brother with ready cash.

And she kept getting in deeper and deeper. She would probably still be submitting to his selfish appeals if his ungallant remarks to her new boy friend hadn't wakened her to reality.

Now she has cut off her unwise generosity to that

brother - but about 25 years too late!

PAY FOR WORK

Always remind your youngsters that money represents human sweat and elbow grease—not a Santa Claus free gift.

So pay your child for chores or regular duties around the house. Then he will become far more respectful of money.

He will not be inclined in jittery fashion to fill a slot machine with a handful of quarters. Or to run the juke box endlessly with your "allowance" money.

Kids who work for cash, are frugal spenders thereof.

Youngsters on an allowance, let money slip away for they are educated in the "easy come; easy go" philosophy.

Look at our presidents who were sons of wealthy men and you will see why our federal budgets keep zooming.

Even if you are a millionaire parent, you should still see that your children work for their spending money! Urge them to carry a newspaper route.

And by all means send for my 200-point "Tests for Good Parents", enclosing a stamped, return envelope, plus 20c.

(Always write to Dr. Crane in care of this newspaper, enclosing a long 5c stamped addressed envelope and 20c to cover typing and printing costs when you send for one of his booklets.)

Thirteen Buttons

Every enlisted man in the navy has precisely thirteen buttons on his trousers—one for each of the original States.

Peanuts Hava Many Uses

Peanuts belong to the pea-and-bean family, the legumes—they aren't really nuts at all. But like nuts, they are always popular in salads and sandwiches, cookies, and desserts—as well as just plain salted. And like peas and beans, peanutes are good in main dishes, in soups and in combinations with other vegetables.

Cook macaroni or spaghetti in boiling salted water until tender. Drain. Melt butter or margarine and blend in flour and seasonings. Add milk and cook slowly until thickened, stirring constantly. Arrange alternate layers of cooked macaroni or spaghetti, grated cheese, and chopped peanuts in a greased baking dish,
