For the 3rd time in three years, Fred Lorenzen takes the grueling Atlanta "500" at the wheel of his Ford.

**FORD TOTAL PERFORMANCE WINS**  
**ATLANTA "500" FOR 3<sup>RD</sup> YEAR IN A ROW!**

**Latest win gives Ford**  
**11 out of last 12**  
**NASCAR 500 milers!**

ATLANTA, April 5: In a blazing exhibition of total performance, ace driver Fred Lorenzen piloted his specially modified '64 Ford to a stunning victory in the Atlanta "500" before a cheering crowd of 75,000 spectators.

This victory marks the 11th time that Ford has captured a NASCAR stock car event of 500 miles or more starting in May, 1962.

In the past two years, tough, dependable Ford-built cars have carved out an

incredible history of victories in virtually every kind of automotive event possible—from stock car races to economy runs, from rallies to endurance tests.

This is the dramatic way to show that Fords have changed . . . and the sure way to be certain they keep on changing.

Ford enters special cars in open competition, in addition to its extensive laboratory and test track programs, because competition provides an intensity of testing that no proving ground alone can provide.

The lessons Ford has learned in racing have already led directly to such refinements as a stronger rear axle, streamlined "fastback" styling, better brakes and an improved ignition system.

Because Ford enters open competition, the cars at your Ford Dealer's are stronger, better handling, safer and thrifter in the long run. They're built for total performance.
