Over The Back Fence

DUE TO HEAVY RAINFALL of late April, I notice very heavy growth of some of the cover crops that are to be plowed down for corn or tobacco. Some of these such as domestic ryegrass or field bromegrass will make very hard plowing if the ground is permitted to dry out before plowing. In addition, there is little to be gained by permitting excess top growth; the value of these cover crops is in the fibrous root system. We suggest that 50 to 100 pounds of straight nitrogen fertilizer be applied over the area followed by several heavy discings before plowing; this will mix the growth with the soil and the nitrogen will hasten the decomposition of the heavy top growth of the cover crop.

Max Smith

AS MANY ACRES of ground will be prepared for the 1964 tobacco crop in the coming weeks, we'd like to caution growers about the danger of atrazine weed spray on tobacco ground. Since tobacco is very sensitive to atrazine injury, a trace of material in the ground or in a sprayer may be enough to stunt the plants. Growers who are hav-

ing their ground sprayed in advance of planting for cut-worm control, should be careful that sprayers are free from atrazine. Drift from a nearby corn field on a windy day (Turn to page 5)

Timely Tips for Women

On-The-Shelf Storage For Foods:

Some foods can be stored at room temperature in kitchen cabinets or in the basement. Such on-the-shelf foods have a relatively long storage life. But most foods stored on the shelf should be tightly sealed and kept in a dry place away from light and heat. Foods which can be kept satisfactorily on the shelf include: unopened canned foods, unless otherwise indicated on the label; dried foods, such as vegetables and fruits; prepared mixes, gelatin; puddings, spices and seasonings; grain products including breakfast cereals, rice, macaroni products, flour; fats and oils except butter, margarine and lard.

Basic Floor Care Products:

There are two basic kinds of floor care products—polishing waxes and self-polishing waxes. Polishing waxes, either liquid or paste, must be buffed to a shine. These products contain naphtha to keep the wax soft in the can so you can rub it on the floor in a thin film. Liquid wax is paste wax thinned with extra naphtha. It cleans each time you apply it because the nap-

tha dissolves the old polishing wax on the floor. When you use a polishing wax—either liquid or paste—you never have to wash the floor or remove the old wax. Self-polishing waxes—always liquid—dry shiny. Easy to apply, they don't need buffing. For best results, apply self-polishing wax to a clean floor and remove the wax completely two or three times a year with a wax remover.

Tips On Party Meal Planning

Whether you're a beginner or an experienced person in party giving, these few tips (Turn to page 10)

ORGANIZE

A group of Marietta residents received a charter to incorporate the Marietta Youth Athletic Association. The organization's president is Roy W. Wallick, 78 North Chestnut St., Marietta.

The group said, in its petition to the county court, it means to implant in youths honesty, loyalty, courage and reverence through a competitive sports program. The association will begin with the baseball season. It has organized a league of eight teams.

John Gohn, 18 North Pine St., is listed as vice president, William Yohe as secretary and Richard Penwell, 416 E. Market St., treasurer. Two others were listed on the petition as founders. They are Paul R. Buchanan, 124 West Walnut St., and James S. Sargen, 130 W. Walnut St.

Senior League

The Marietta Senior League met at the Marietta Community House on Monday afternoon. Lloyd Staman, spoke on floriculture.

Mrs. Addie Parker presided and appointed Mrs. J. H. Brown chairman of transportation for the club's trip to Hershey Park Rose Gardens on June 1. The group will leave from the Community House at 12:30.

NEWS IN MANHEIM

See Four Mill Tax Increase

Manheim School District directors outlined a tentative \$1,694,297.81 budget Friday night and told petition-bearing residents that a four mill tax increase is necessary for the 1964-65 school term.

The budget is expected to be adopted at the board's June meeting.

Members said several studies with cost-cutting goals have been made and that the budget has reached rock bottom.

The hike in real estate taxation from 42 to 46 mills was attributed to the loss of funds which will be felt since Manheim borough and the townships of Rapho and Penn have voted to take the one-half of the one per cent earned income tax which is legally available to them but had gone into school coffers previously.

Petitions carrying signatures of more than 800 residents were presented by the Jackie Kennedy Women's Democratic Club, an organization which reportedly acted as a non-partisan facility of the drive to ask the board to reconsider the tax boost.

The budget shows an increase of \$82,149.75 over the

1963-54 figure.

Birthday Surprise

A birthday surprise party was given for Mrs. David Gibble, by her den of cub scouts. The Den is number 7, Pack 47. The decorations were blue and gold, also the cake which was presented to her by Eddie Ober. A floral arrangement was bought for her by her den, which was presented by Donald Knight. Other cubs present were Mike Steiner, Mike Tuscan, Gary Herneisen, Richey Steif, David Gantz, Jeff Eckert, Chuck Eckert, David Shatz was not present. Mrs. Gibble is in her 5th year of Cub Scouts.

50th Wedding Anniversary

The children of Mr. and Mrs. Harry Gibble Sr. will entertain in observance of their parents' Golden Wedding anniversary. Open house will be held in the home of Mr. and Mrs. Harry Gibble Sr. in Sporting Hill, on Sunday, May 17, from 2 to 5 p. m.

The couple was married May 21, 1914 in the bride's home by the Rev. Samuel Eshelman. The Gibbles raised six children. They are Ray, Greencastle; Grace Stauffer, Mt. Aetna; Martin R.D. 2; Stanley, of Sporting Hill; Harry Jr., York; and Victor, Sporting Hill. There are 26 grandchildren and five great grand children. Mr. and Mrs. Gibble are still very active, and are members of the East Fairview Church of the Brethren.

Manheim Sportsmen

The monthly meeting of the Manheim Sportsman association will be held Thursday May 14, at 7:30 o'clock in the rifle range to the rear of the Manheim junior high school.

The regular instruction rifle course has ended as of April 26 and will not start again until the second week of September. However, every Wednesday will still be open for regular shooting.

Rotary Officers

The Bainbridge - Maytown Rotary Club has named these officers: President, Isaac R. Crock, Jr., Marietta; vice president, Jack Miller; secretary, Rodney Fink, Bainbridge R1; treasurer, LeRoy Funk, Bainbridge R1. Directors: Howard King, Arnold Fink, W. E. Mohr and Harry Zink. Installation of officers will take place June 25.

FROZEN FOODS

Americans consume an average of 52 pounds of milk in ice cream and other frozen dairy products in 1963, reports the U. S. Department of Agriculture.

Turnip greens, kale, and collards are good sources of riboflavin as well as of vitamins A and C. Lima beans, peas and young soybeans contribute appreciable amounts of thiamine and protein.

Prayer Of The Week - - -

The prayer this week is an evening prayer by Russell L. Dicks:

"Eternal and Everlasting God, in the growing quietness of the evening and the deepening shadows of the night, grant us sleep and rest. With the stilling of the day's doings, and the end of coming and going about us, make us to be sleepy with heavy eyes and tired limbs. As Thy creatures are lying down in the wood, as the bird is quiet in its nest and the wild thing in its hole, as the stream is still in its bed, reflecting the great expanse of stars above, may we in our sleep reflect our confidence in Thee, and our assurance of Thy constant Peace.

"In our sleep give us that deeper communion of our souls with Thee which restoreth unto health, in His name. Amen."

by Dr. Geo. W. Crane

The Worry Clinic

Larry is a hardened criminal though his indulgent mother says he is not a bad boy at heart. But she is very wrong. Larry is already an habitual law-breaker for his mother has unintentionally taught him to be a criminal ever since his birth. Parents, re-read this case and get hep. Bad children usually have bad parents.

CASE O1458: Larry L., aged 17, was brought before a Chicago judge.

Meanwhile, his widowed mother shed copious tears as she pleaded with the judge to release her boy.

"Larry is a good boy at heart," she argued. "And he means well. But he just got in with the wrong companions, Your Honor, so I know he will not do it again."

Well, that was just the biased attitude of his doting mother. And she probably meant what she said.

But Larry was already a hardened criminal at the tender age of 17.

And his mother has been an accessory to his delinquency for she doted on Larry and lavished undue affection upon him, partly because his father was dead.

So she failed to reprimand

him properly. And she never spanked him or used corporal punishment.

When Larry was a toddler, he would take the tricycle of other children down the block.

For youngsters are just like dogs or cats at the outset, since none of these mammals has any sense of proper
