Prayer Of The Week ---

The prayer this week is by Elsie M. Faris:

"Lord, make us as little children, that we may come to thee without pride of mind or taint of the world, that we may be close to thee as little children, that we may walk in the light of thy love as little children.

"We ask it in the name of him whose we are and and whom we serve. Amen."

HORTICULTURAL PINCH-BACK

Pruning is not something you do only to old plants. Any plant that grows out of normal proportion should be brought back into line by pruning, and this applies to seedlings, too.

Experience is what keeps a man who makes the same mistake twice from admitting it the third time around.

Clean Up Yard As Spring Job

Cleaning up your yard should be part of your Spring Clean-Up Job, says the National Board of Fire Underwriters.

You will not only make your home more attractive but clean yards throughout a community make it a pleasanter place in which to live.

After raking your yard, never start an outdoor fire unless you are sure it is permitted by local regulations.

If you do burn leaves and

other rakings, never start an outdoor fire on a windy day. It is preferable to burn the trash or leaves in a covered

container.

As a precaution, keep your garden hose hooked up and ready for use.
