A son to Mr. and Mrs. Blaine Stephens, E-town.

RUG SIZE IMPORTANT

When in the market for a new rug, know the size you want before you shop, advise Penn State extension home management extension specialists. An area rug may serve the purpose if you can not invest in a room size rug or like some of the wood floor showing. An area rug defines and accents an area of a room with color and design. Also consider the room proportions before you decide on a rug size.

One of the bitterest things of life lies in the discovery that things never come to us so easily as when we have ceased to desire them.

PREVENT POISONING

In order to prevent animal fertilizer poisoning, the following suggestions are offered by the Farm and Home Safety Committee of The Pennsylvania State University: keep bags of fertilizer, open or unopened, out of the reach of animals; burn empty bags, because there may be enough fertilizer remaining

in them to harm animals; when spillage of fertilizer occurs, clean up the area immediately or if in a field, spread the fertilizer around.

Unless the other woman is twice as beautiful as your wife and half your wife's age don't tell your wife that she (your wife) looks like her (the other woman).

IT'S THE LAW

The U. S. Plant Patent Act passed in the early 1930's provides 17 years of patent protection to hybridizers of

new plant varieties. This has benefited the public by greatly stimulating the breeding of improved fruits and ornamental plants.
