

Democracy is not only an attempt at social equality for all men; it is also the effort to give them the consciousness that they are equal in God's respect.

—Thornton Wilder

The common idea that success spoils people by making

them vain, egotistic and self-complacent is erroneous; on the contrary, it makes them, for the most part, humble, tolerant and kind. Failure makes people bitter and cruel.

—W. Somerset Maugham

GREEN BUTTER

Very French in origin is a sauce called Green Butter.

It should be kept cold and served "hard" on top of hot meat, potatoes or bread.

To make Green Butter, mix one-half cup softened butter with 2 tablespoons of mixed chopped herbs such as parsley or chives. Then chill.

EITHER BALED O WAFERED

Dairy cows like their hay either baled or wafered and it makes little difference which, reminds B. S. Horne, agricultural engineer at the Penn State University.

KEEP APPLE QUALITY

Harvesting apples at the right stage of maturity does more to lengthen their storage life and prevent scale than artificial aids, reports Carl S. Bittner, extension pomologist at Penn State University. Quality and appearance are also influenced by

color of fruit, condition of trees, and kinds of containers used for storage.
