

**MASTERTONVILLE PTA**

All parents are urged to attend PTA to be held Thursday, October 15. Room visitation will begin at 7 p.m. and

the meeting at 7:30 p.m.

Dr. Galen Kilhefner, supervising principal of Elizabethtown Area Schools will speak on "New Adventures in PTA Leadership and Responsibility Through Human Relations."

The Spangler family will entertain with instrumental music and the Social Hour will conclude the meeting.

(From page 8)

way is "up." The sprout comes from the pointed end. But, don't get impatient, it may take as long as two months before the sprout appears.

Another kitchen exotic is the pineapple, which has attractive modern style foliage. So, when you cut up a pine-

apple, save the top. To insure fast rooting, remove some of the core of the fruit. Let this dry briefly, put in sand or perlite, and soon you will have a pineapple plant to brighten your home.

**Sensible Safety Rules For Hair Dryers**

A recent issue of the United States Navy Medical News Letter stresses common sense safety rules for using electric hair dryers. The advent of home dryers that permit the user to move about, makes the following reminders vitally important:

"There is a definite danger of electrocution for women and girls who wear an electric hair dryer in the bathtub, shower, or while standing in a puddle on a laundry floor. It is particularly important

that members of all women's dormitories and sororities be warned against this lethal practice." The bulletin also warns housewives that a "particular hazardous place to wear a hair dryer is in the laundry room, where water is apt to be spilled on the floor."

When you buy vitamins,

remember this:

Be sure you get the vitamins you pay for.

Vitamins get lost in tablets and capsules the same as they do in cooking. The manufacturer must know how to prepare and test his vitamin products to be sure the vitamins are there when you buy them. That is why your physician prescribes and our pharmacists dispense only those vitamin products of nationally known ethical pharmaceutical manufacturers. Your health is your most important possession. Don't guard it lightly. Let our professional experience help you select the vitamin preparation that will help you most.

● **Last Fruits**

(From page 4)

- 1 egg, slightly beaten
- 1/4 cup vinegar
- 2 tablespoons butter

In a saucepan combine flour, sugar, salt, mustard & paprika; gradually add evaporated milk; then water. Cook over medium heat, stirring constantly, until mixture thickens and loses starchy taste. Remove from heat; add small amount of hot mixture to eggs; return all to pan. Add vinegar; continue to cook, stirring constantly, for 1 additional minute. Remove from heat and butter and stir until butter melts. Chill. Makes 1 1/2 cups.

Here is a dip for fresh vegetables.

**COTTAGE CHEESE DIP FOR VEGETABLES**

- 1 cup cottage cheese
- 1/2 cup crumbled Blue Cheese
- 1 teaspoon grated onion
- 1 tablespoon lemon juice
- 1/4 cup milk

In a blender or mixer, beat together cottage cheese, Blue cheese, onion, lemon juice and milk until smooth and creamy. Use as a dip for fresh vegetables such as celery, green pepper, carrots, cauliflower, etc. or use as salad dressing for green salads. Makes 1 1/2 cups.

A few hints to perk up green vegetables—
