Class Of '44 Holds Reunion

Fifty-nine classmates and guests attended the twentieth anniversary reunion Saturday, Oct. 17, of the Class of 1944 of the former Mount Joy high school. After attending the football game at Donegal in the afternoon, the group held its banquet in the Annex building.

Nelson Alexander, Dillsburg, was the master-of-ceremonies. Special guests included teachers who had accompanied the group on their class trip 20 years ago. They were Miss Catharine G. Zeller, Mount Joy; Miss Ellen Garber, State College; and Mr. and Mrs. Kenneth Snyder, Willow Street. The group's principal, J. Willard Harkness, was unable to attend since he is recuperating from a heart attack.

Following the meal six

att, Marvin Nissley, Richard Smedley, Robert Waters, Denise Eshelman, Carole Hess, Deborah Latchford, Donna McNaughton and Teresa Wagner.

The following 24 seventh grade pupils made the "A & B" honor roll for same period:

Leslie Good, Roxanne Heisey, Kathy Forry, Barry Foreman, Scott Gemberling, Donald Musser, Charles Waser, Gilbert Welliver, Jane Heilig, Deborah Hockenbrocht, Deborah Lynn Hostetter, Evonne Neidigh, Suzanne O'Connor, Deborah Sager, Kathleen Simmons, Lawrence Feick, Craig Gainer, Barry Gemberling, Dennis Hay, Stanley Heisey, Kendace Borry, Laura Cross, Salie Gible and Deborah Renee Hostetter.

The average man between 20 and 24 can expect to switch jobs six or seven times. In many cases the change will be to a totally new career.

REMOVE WARTS!

Amazing Compound Dissolves Common Warts Away Without Cutting or Burning

Doctors warn picking or scratching at warts may cause bleeding, spreading. Now amazing Compound W[®] penetrates into warts, destroys their cells, actually melts warts away without cutting or burning. Painless, colorless Compound W, used as directed, removes common warts safely, effectively, leaves no ugly scars.

Annex students conducted tours of the school in order that classmates could compare the changes made since the building was their high school. Tour guides, children of classmates, were Craig Gainer, Debra Roberts, Debra Latchford, Jere Hoffmaster, Kathy Ney and Linda Hollinger. A surprise for the evening was the distribution of special editions of the Bulletin prepared with special reunion and classmate articles. A roll of 1944 pennies, some 1944 stamps, and corn jewelry were awarded to Mrs. Robert Sheaffer, Mrs. Robert Hoffmaster, and Miss Zeller for being the winners in a quiz conducted by Mrs. James Roberts.

During a short business meeting the group re-named the present officers: Mr. Alexander, Gerald Hostetter, Oliver Snyder, Mrs. Charles Graham, and Mrs. George Albert, to prepare the 25th reunion in 1969. A group picture was taken which has been their tradition in their fifth, tenth, and fifteenth reunions also.

Classmates, husbands and wives who attended were: Mr. Alexander, Dillsburg; Mr. and Mrs. Robert Bergman, Smyrna, Deaware; Mr. and Mrs. Jack Breneman, of Lancaster; Mr. and Mrs. Robert Detwiler, Elizabethtown; Mr. and Mrs. Musser Forry, Manheim R2; Mr. and Mrs. John Getz, Lancaster; Mr. and Mrs. Ammon Hoffer, E. Petersburg; Mr. and Mrs. Asher Schroll, Bloomsburg; Mr. and Mrs. Morris Shirk, Mechanicsburg; Mr. and Mrs. Roy Sumpman, Oxenhill, Md. Mr. and Mrs. Robert Shaeffer, Elizabethtown; Mr. and Mrs. Nicholas Leitner, Hershey; Mr. and Mrs. Jack Shaughnessy, North Brunswick, New Jersey; and the following from Mount Joy: Mr. and Mrs. Eugene Eicherly; Mr. and Mrs. Kenneth Gainer; Mr. and Mrs. Bernard Grissinger; Mr. and Mrs. Gerald Hostetter; Mr. and Mrs. C. Richard Latchford; Mr. and Mrs. James Newcomer; Mr. and Mrs. O. K. Snyder; Mr. and Mrs. George Albert; Mr. and Mrs. James Roberts; Mr. and Mrs. Robert Hoffmaster; Mr. and Mrs. Charles Graham; Mr. and Mrs. Raymond Herr; Mr. and Mrs. Frank Young; and Mr. and Mrs. Clarence Wilson.

The mass of mankind was not born with saddles on their back, nor a favored few booted and spurred, ready to ride them legitimately, by the grace of God.

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne[®])—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H[®]. At all drug counters.

'Little Gal of the Golden West' Is National March of Dimes Child

A blue-eyed lady of four years, known affectionately in her home town of Denver as the "Little Gal of the Golden West," is the 1965 National March of Dimes Child. Her name is Michaeline ("Mickey") Lea Heinicke.

Mickey symbolizes the quarter-million American infants born every year with severe birth defects on whose behalf contributors to the March of Dimes have financed programs of research, medical care and education.

Mickey's mother, Maxine, tells of the tragedy that today befalls one in ten families in the United States.

"Like tens of thousands of other couples, Paul and I were heartbroken and numb when we learned the truth a few days after Mickey was born. I am a nurse, and I had had some experience with babies born with an open spine, which was the case with Mickey. I was under no rosy illusions that this third child of ours would ever walk.

"But," asks Maxine, "do you remember that song, 'Did You Ever See a Dream Walking?' The refrain comes back to me every time I see Mickey walking on her crutches and braces, or furiously riding her hobby horse in the parlor, or doing an Indian war dance to her phonograph records. I say to myself, 'that's my little dream walking.'

"But my husband and I would never have experienced this real-life dream without March of Dimes help."

Mickey, whose spinal rupture was repaired when she was only three days old, is now midway through a tour that precedes the coast-to-coast March of Dimes campaign in January. Although severely handicapped, this four-year-old thrives on the long days, tedious air-hops between cities, appearances at conventions and the strain of meeting Senators, Congressmen, Generals, stars of stage and screen and other public figures.

Mickey is already a veteran trouper, unimpressed by the mighty in high places. Her

mother says, apprehensively: "In January, when we expect to have the privilege of visiting the White House, I know I will faint dead away when Mickey will undoubtedly bubble over to the President, 'Hiya, Podner,' or something awfully familiar and western to the First Lady."

Birth defects are the greatest medical problem threatening the nation's children. To help provide patient aid in this area, contributors to the March of Dimes now support 50 treatment and study centers at leading medical centers and university-affiliated hospitals.

Basil O'Connor, president of The National Foundation-March of Dimes, says that the need for many more such centers is acute.

"Birth defects," he adds, "are a much more serious problem than polio ever was.

"To attain the same successful end that was achieved in eliminating polio, we need not 50 birth defects centers but fully 150 centers to help these afflicted infants and children. Funds are also needed desperately to support research inquiries into the many scientific problems involved.

"I sometimes look at the crippled Mickeys around our country, at children born without arms or legs, at other tots doomed unnecessarily to lives of mental retardation—all due to birth defects; and I wonder how many of our warmhearted citizens can fail to demand and to finance a means to end this shocking destruction whatever the cost."
