## Timely Tips for Women

### Buying Gifts For Men:

When you select gifts for the men and boys in your life, use good taste, focus on fashion, and look for masculine detail. If you do, a man will proudly wear the gift you've given him.

When you shop for the men in your life, you'll find a wide range of accessory items for males of all ages. Among these accessories are gloves. After all, men and boys may need leather-palm knit gloves for driving, fur-lined gloves for outdoor sports wear, or dressy black capeskin or gray suede gloves

for dress.

At the scarf counter, you will find a reversible print silk, cashmere, or wool scarf for business; a reversible black-to-white silk for formal wear; and a warm, rugged wool and mohair blend scarf for sportswear.

Calf or knee-length socks, banded crew socks, or fancy

patterned or solid-colored sports socks may please your men. And, to go along with the sporty socks, you can buy a matching sport shirt. So next time you shop for

the men in your family, use good taste and focus on fashion. They will be glad you did.

## Bunk Bedroom For Youngsters

A boon for young brothers is a bunkhouse bedroom.

This idea makes maximum use of minimum space — a solution to a common problem.

Arrangement of custom-built beds at right angles, one on the lower level and the other above, gives each boy more light, better ventilation and more storage.

Drawers under the floor-level bunk give one lad storage for toys and hobby equipment. Under the overhead bunk is a roomy closet with swing-out doors for clothes storage, and a shallow cupboard topped by open shelves rises from the floor to the top level of the mattress.

A library-type ladder is attached to a metal bar so the occupant of the upper bed easily can climb in from the side or over the shelves at the end.

Bunks for this installation may be covered with wood-grained panels. For easy care walls can be covered with the same factory-finished panels.

## We'll bet you

\$19.95

you'll prefer this new Shavex® Classic Electric Shaver over any other you've ever tried... electric or wet.

and give you 365 days to prove it.

Use it for a year. If you're not convinced that the Shavex Classic is the best electric shaver you've ever mowed your beard with, you'll get your money back. Every penny. And if you accidentally break the Shavex, we'll replace it with a new one. Immediately. If you've never heard of a 365-day guarantee on an electric shaver before, it's because there never has been an electric shaver quite like the Shavex.

The Shavex makes a softie out of the most stubborn stubbles. Or, with a simple adjustment, coddles tender skin. It's buzzless. In fact, you can't even hear its purr from 20 feet away. The little red button on the bottom turns the Shavex Classic off automatically when you set it down... on again when you pick it up. Can be permanently plugged in if desired. The special stretch cord never kinks. And you can click open the head easily so the Classic can power clean itself.

Try the Shavex Classic. Soon. Especially if you've tried other electric shavers before and didn't like them.
