 GRATED COCOANUT  
 BLOCK CHOCOLATE ETC., ETC.

# MOSEMAN'S

The Store of Good Things to Eat

37 Market Square MANHEIM  
 "EASY PARKING"

Repairing doors to pump houses and replacing broken window panes helps keep water pumps from freezing on cold nights. A socket for a heat lamp just over the pump is helpful on extremely cold nights when the temperature drops very quickly, says Henry Woodling, Jr.,

extension agricultural engineer at Penn State university. FOLLOW INSTRUCTIONS Don't trust your memory about care of equipment, reminds Helen Bell, Penn State extension home management specialist. Keep the instructions as long as you own the

piece of equipment. Check the maintenance and care recommendations to be sure you're doing your part to keep equipment in tip-top condition. Maintenance is never difficult when done as directed.
