

GO TO Church on Sunday

It is no accident that men, the world over, have built clocks into the steeples of their churches:
 Reduce life to its simplest components and what have you? TIME and GOD.
 Time marks the beginning of life. It measures the growth of our bodies. It provides opportunity for our work and play. It reveals to us our human limitations. And then, one day, Time leaves us behind . . .
 But God is the origin of life. He measures the growth of our souls. He provides our strength and forgives our weakness. He reveals to us His limitless Love. And, never deigning to leave us behind, God beckons us on — even beyond the circle of time.
 A parable then: the clock in the steeple!
 Man finds material security and temporal happiness as he learns to respect time.
 Man finds spiritual security and eternal happiness as he learns to love God!
