enthusiasm, she never failed to please her audience.

We looked around at the people as she played, and saw that all of the faces were smiling and happy. The sound of the calliope seemed to recall pleasant memories—perhaps of a circus or street parade—at least of a happy time!

Two interesting letters we

had this week: the first was from VietNam, on "battle" stationery, thanking us for the birthday card which we had sent last week.

The second was from Harold J. Harman of Ventnor, N. J., and we reprint it in full:

"Dear Editor's Wife,
Enclosed is a photo of three wild pigeons, a part of the collection of Mount Joy's taxidermist, my father, Noah J. Harman. A part of his col-

lection is at Donegal high school. I have the rest. Also enclosed is a history of these birds. Thought you may be interested.

"We lived at 19 Poplar St. Some time I'll send you some newspaper writeups on the history of Lancaster County grandfather clocks, should you desire them.

"John Booth and Lester Roberts were some of my boyhood pals. I enjoy your special write-ups."

The articles which Mr. Harman enclosed were extremely interesting accounts of the story of the wild or passenger pigeons, now extinct.

It seems they were at one time unbelievably numerous in this country, but were killed by the millions for food and not protected in any way. They have been extinct now for more than 50 years.

BONNEVILLE CONVERTIBLE

The tiger scores again!

It's dramatically fresh and new, but still very, very Pontiac. That's written all over it, from the no-doubt-about-it new front end to the trimly tailored rear. (Did you think for one minute that we'd leave out the unique Pontiac styling character you like so well? Never!)

Another nice thing about the '66 Pontiacs is that there are more of them—3 new super-sumptuous Broughams and 4 Venturas. And, of course, for you

other Pontiac lovers we've got a bright new Grand Prix, new Catalinas, new Star Chief Executives—all with new Wide-Track ride and improved cat-

quick handling. But you'll discover those things when you slip behind the wheel and turn a new '66 tiger loose. **Wide-Track Pontiac/'66**

Pontiac's revolutionary overhead cam six acts more like a V-8, looks like no six you ever saw, and still remembers that saving is what six buyers

buy sixes for. Delivers 165 hp (or you can specify the sports package which includes the 207-hp version). And it's standard on all Tempests,

Tempest Customs and Le Mans. V-8's? Up to 360 hp in the GTO. See all the '66 tigers in tiger country today. **Wide-Track Pontiac/'66**
