MAYTOWN NEWS NOTES

Miss Grace Henderson

Harry Drace has been ill for the past two weeks.

Mr. and Mrs. Samuel Deppler left last week for a vacation in Florida. They went by train.

Mr. and Mrs. Hiram Mayers left last Friday for Chester, where they will join Mr. and Mrs. Guernsey Gray for a vacation in Florida.

Robert Hiestan has replaced Ronald Goretzke as a clerk in the Bank. Ronald is managing a trucking business.

Transportation last week was very limited in the Maytown area. It was either by foot or by tractor.

Paul Beshler, executive vice president of Kahn-Lucas Lancaster, Inc. was elected president of the Lancaster County Mfg. Assoc. The meeting and luncheon was held at the Host Motel.

Dr. Gratch, trying to be a "Good Samaritan" last Sunday set out in the snow storm to answer another doctor's call. When he found the "going" too difficult, he parked his car and boarded the snow plow driven by Lloyd Fuhrman, who took him to the home of the patient. When he arrived at his destination he learned he had a little competition — the stork had beaten him by about 40 minutes.

This is one of the hardships of being a doctor — snowdrifts. A doctor is expected to be a superman at times. Dr. Gratch is very conscientious and does his utmost to answer his calls no matter when.

Mr. and Mrs. Frank Singer, Mr. and Mrs. John Singer, Mrs. Paul McMillan, Joseph

Huntzinger and your correspondent attended the funeral services for Mrs. Sara Hinkle Singer at Lancaster on Saturday. Mrs. Singer was a native of Maytown.

The Golden Age Club will meet Wednesday, Feb. 16 at 2 p.m. A representative from Social Security Office will speak on Medicare. Anyone who is interested welcome to attend this meeting.

Hats off to all who worked so hard to open the roads.

The following officers were installed at St. John's Lutheran church Sunday morning: Lloyd Derr, Harold Ney and Mrs. Martha Trostle. They will serve on the Church Council.

ATTITUDE TOWARD SAFETY

The most important safeguard against hazards around the house is attitude, reminds Penn State extension home management specialists. If you think constantly about the safe, sensible way of doing things, it will become a habit and can help to reduce the number of accidents in the home.

One of the worst fires in the history of the United States occurred Oct. 8, 1871, in Peshtigo, Wisconsin, and environs, killing 1,152 persons.
