## Ages Total Nearly 500

Six brothers and sisters, whose combined ages totaled almost 500 years, held a reunion at the home of the granddaughter of one of them on Mount Joy R2 on Sunday, June 5.

The reunion, the first one in 25 years, was the occasion for a celebration of the 83rd birthday of Ephriam Ebersole of Lancaster, at the home of Mrs. David Greenly.

Attending the dinner were Howard Ebersole of Mount Joy, 90; Samuel Ebersole of Middletown, 81; Mrs. Barbara Greenly, 85 and Mrs. Mary Zook, 80, both of Salunga; and Oliver Ebersole of Lancaster, 78.

Approximately 30 people attended a drop-in party for the "oldsters" during the afternoon.

## Rotarians See Computer Film

"The Living Machine," a movie about complex IBM computers, provided the program Tuesday noon for the Mount Joy Rotarians, meeting at Hosteteers.

Produced as a provocative type entertainment and educational feature, the film moved through some of the almost unbelievable feats of computer accomplishments and posed some of the possible future problems which may come to a computerized world.

Already these machines, the film showed, can do virtually anything for which it can be given absolute facts.

Tony Gannetta of IBM accompanied the film and spoke briefly. He was introduced by Glenn Y. Forney.

Two new members were inducted by John Booth. They were Robert Kline and Jack Tyndall.

## Of This and That

(From page 5)

to "port" at our house, we hear of all these, and we see that each one has a very special place in her heart.

Five Rallies a year she plans and executes, some of them attended by as many as 1500 Airstreams! One is in California, one in Oregon, one in Michigan, and one in Pennsylvania. She is "on location" several weeks in advance of each one, laying the groundwork and making preparations for the four action-and-fun-packed days of the Rally.

We have just had a priceless visit with the "Uncle Jack" in our family. She held a Rally for some 545 Airstreams at Bloomsburg, Pa. during the Memorial Day

week end, and came to Mount Joy several times in the interval she was there.

We shared her interesting life for a brief span. We also had the fun of introducing her to origami, the Japanese art of paper-folding. She caught a bit of our "antiques fever" and went home with six "arched grape" pressed glass goblets and a beautiful cut glass bowl.

When will she come again? Who knows? As her "rig" faded into the horizon, we said to ourselves a quiet "Bon Voyage"!
