After an enjoyable meal served by the pool stewards, both clubs went to Sico park and had their annual soft ball game. The result: one out; one man at bat with one strike; one hit; all in the first half of the first inning. The winner; the rain storm.

The game will be continued next year, when each side expects to take home the laurels. This is usually a very highly contested game with players from both clubs not knowing to which team they owe allegiance.

Wouldn't it give the politicians fits if everyone qualified to vote did?

worthwhile endeavor are part of the program and, as every motorist knows, all detours finally are lifted and the joys, benefits and convenience of the new facility are realized.

Sometimes it takes some outsiders — National Standard, National Cash Register, Weis Markets, the vo-tech school people and those who are not locally connected — to visualize what we have available in Mount Joy.

These fine things are happening here now. And — there will be others!
