tween Halloween mischief and actual criminal activity?

It may be a mite difficult at times to distinguish but last weekend "Halloween" activity included use of a bar or some other stout instrument to pry off a padlock on a garage and the splattering of a red car with blue paint.

Now, that we class as criminal activity which demands the full process of law, including finger prints and police investigation with vigor. The case is one of "breaking and entering" and is no different in October than it would be in any other month of the year.

### FIRE CO. AUXILIARY

The Ladies Auxiliary of Friendship Fire company met in the fire hall for their monthly meeting on Oct. 20.

Twenty-one members attended. Dolly Maxwell gave a report on community council. Nomination of officers will be held at the Nov. meeting.
