Indians Fade As Bears Win

The last half again proved the undoing of Donegal high school's Indians as the Elizabethtown Bears rallied Friday night to take a 44-41 basketball victory.

The first quarter was Donegal's, 14-6 and the half ended for the Tribe, 25 to 18.

It was the third, actually, that the game slipped away from the Indians, as Elizabethtown counted 12 and Donegal 4, to set the count at 30-29 for the Bears. E-town outscored DHS in the final period, 14 - 12.

Both McCowan and Berry hill counted 14 points for the locals while Fitzwater had 20 for the winners.

In the preliminary, the Bear Cubs won, 43 to 33.

Donegal was slated to meet Conestoga Valley on the Indian floor on Tuesday night, Jan. 24, and to entertain Manheim Township on Friday, the 27th. The next Tuesday, the Tribe will go to Columbia.

Mrs. Wolgemuth is the daughter of Mr. and Mrs. John H. Engle of Palmyra. She received a bachelor's degree in education from Millersville State College and was previously employed with the Ardmore Public Library. The Wolgemuths are members of the Palmyra Brethren in Christ Church.

Donald H. Straub, of 116 South Market street, is the tenth man to be honored with the Mount Joy Junior Chamber of Commerce Distinguished Service Award. He was presented a plaque and electric wrist watch at the annual DSA banquet, held Saturday night, Jan. 21, at the American Legion. Gary Maxwell, who received the award a year ago, made the presentation, pointing out that Straub has been a leader in activities of the Community Council, having served two years as president; that he has headed arrangements for the annual Memorial Day celebrations; that he is president of the Seiler PTA and is active in the affairs of Trinity Lutheran church.

Entertain Lions From E'town

The first was entitled "Death on the Highways" and was taken from the files of the California State Suicide Club. The second was entitled "A Safety Story Smith System of Driving". Harry Fries was installed as a new member of the club by Wilbur Weaver, a member of the Elizabethtown Club.

The Mount Joy Club will attend church services in a group on Sunday evening at the Glossbrenner church. Meeting time is 7 p.m.

'Of This and That'

by the editor's wife

The weather is almost the top news story this week. January 23rd—the warmest one in more than 60 years! Convertibles were much in evidence, and shirt sleeves and light sweaters were the "order of the day" on Monday!

What is more, it has been more than a week now since our "sleuth" up on Bruce Avenue spotted crocuses coming through the ground on his front lawn! We should not be surprised to hear of geese heading northward, lilacs budded, or forsythia in bloom if this warm weather continues!

However, we hope that we don't hear of these harbingers of spring, for it's at least 60 days yet before they would be safe from heavy snows, wind and frost!

We understand that Mr. and Mrs. Charles Heaps DID get to see their son Charles "on Christmas Day in Viet Nam via TV!"

As the TV cameras record-

ed Bob Hope's "Christmas Special" program in Saigon, they caught young Charles on the front row, where he was easily visible to "the folks back home" when the show was shown on a network program last Thursday night.

And in color, too! Mr. and Mrs. Heaps "saw" their son on a color TV set at the home of Mr. and Mrs. Jay Barnhart.

"You can't keep a good man down," they say. Or, a good woman, either, we might add!

Miss Grace Henderson, the Bulletin's Maytown correspondent, underwent major surgery in St. Joseph's hospital last week. We presumed we would not receive the Maytown news for at least a week or two.

But no! It arrived on schedule Monday morning, delivered in person by a friend, who told us:

"People came to see her in the hospital, and mentioned items of news—so she figured she might as well write a column!"

An Editorion

Several months ago, after a number of voices were raised seeking some kind of relief from a dangerous traffic condition on Route 230, west of Mount Joy, the state highway department painted yellow lines which indicate definite instructions to motorists.

That was an improvement over the lack of control which had existed, but a mistake was made.

At the intersection of Route 230 and the township road which leads north past the Robert Brown and Dr. Robert Eshleman homes, a great traffic hazard still exists.

At that point, the three-lane wide highway is divided by yellow lines in such a way that one lane of traffic may move eastward and two may travel west.

The danger possibilities arise when a motorist traveling east approaches the intersection, wishing to turn left onto the country road.

On that stretch of highway, all traffic is high speed and the traveler intent upon turning finds he has vehicles following him closely, bearing down menacingly.

At the same time, he may be meeting traffic which also is moving at high speed, either in single or double line.

The turning driver finds himself in a dilemma. Even with turn signals indicating his intentions, autos from the rear may crowd and crash him as he slows down. As he attempts to turn, he may find himself in the "passing lane" of westbound traffic, vulnerable if someone suddenly decides to take to center.

There the turner sits, threatened from both directions, quaking in his boots, oftentimes stopped in the center of the highway with virtually no protection.

We know of one family in that area who have discussed the problem together and the standing order of
