The Mount Joy plant will be part of that giant complex and will be the corner-stone upon which future growth of the company's business form and supply printing will be built for the entire eastern part of the country

At whatever employment level NCR begins operation sometime within the next year, there is every probability that the figure will grow and grow and grow.

The full impact of 1967 and NCR upon Mount Joy perhaps will not be realized for several years. But, in the meantime, the corporation's presence will be felt in many ways.

The payroll impact — the number of employees — is only the beginning and the most obvious effect.

NCR, more than any other industrial expansion in Mount Joy, will mean the possibility of new homes. New families will be moving to Mount Joy and most of them will be wanting good housing in the immediate area.

These new people will have many needs, for they are people who have and will continue to have good incomes. They have children who will be entering schools in our community. They will attend churches, buy in our stores, take part in our civic, patriotic and social groups, etc. etc.

The numbers will be felt in many ways. These people will need every kind of service which is offered and possibly will create some that are not now available in the immediate area.

These people and others who will be attracted to our community as a result of the employment offered, will bring in new ideas, new ways and new tastes and new needs.

The very fact that NCR is here will make Mount Joy a more important borough. Its face will shine a bit brighter and it will have more to make it an even more desirable place to live, work and raise a family.

The fact that NCR picked Mount Joy as a favorable location for its operation will cause other "blue chip" industries seeking locations to take a second and third look at our community.

Because National - Standard, a nation-wide corpora-

Trinity E.C. Elects Officers

Glenn Mellinger was elected to a five year term as trustee of the Trinity E. C. church, Mount Joy, at the annual congregational meeting, held Monday evening, March 13.

Abner Gish was chosen to the office of general superintendent of the Sunday School with Guy Minick and Lewis P. G. Hart as assistants. Miss Pat Ginder was elected S. S. secretary and Joyce Gish, Diane Rice and Mrs. Pat Mellinger to serve as her assistants.

In other business, the congregation adopted the budget, heard reports of the various officers, surveyed the program for the ensuing year and discussed various matters concerning the welfare of the Church.

Woodrow Fitzkee, president of the congregation, was in charge of the meeting. Mrs. Pauline Heisey, secretary, recorded the minutes. Devotions were in charge of the pastor.

Time is like the peacefulness of grass.

When in need of printing remember The Bulletin.

tion, picked Mount Joy is one of the chief reasons NCR (it is not National Cash Register) chose Mount Joy. The reasons one big company likes an area usually are similar to the reasons of another.

Coming of a business of this size to Mount Joy will, obviously, create new problems—schools and local government.

But, whatever problems are yet to be solved, it should be realized here and now that NCR is going to have a tremendous impact upon Mount Joy and its immediate environs.

The community should realize this and to be ready to meet the needs and help solve the problems.

The community should be proud that it has been selected and should hold its head a bit higher, realizing and appreciating the fact that something big and good has begun to happen.

Former Residents Vacation

The Rev. and Mrs. Ray Lupold of Cunard, West Virginia, formerly of Mount Joy, have returned from an extended trip to California, given to them by their daughter, Miss Rebecca Lupold, and another daughter and her husband, Mr. and Mrs. Donald Bibb, of Fountain Valley, Calif.

They visited en route with a daughter and son-in-law, Mr. and Mrs. Carl Wright and son Philip, in Terre Haute, Ind.; Mr. and Mrs. Neal Huff in Pittsburg, Kansas; at Gans, Okla. Bible Church, founded and built by Mr. Lupold in 1948; with Mr. and Mrs. Stark at Anaheim, Calif., where their son, Ray Lupold Jr., stationed at Vandenberg AF base, joined them; with the Rev. and Mrs. Henry E. Jones and Mr. and Mrs. Charles Beecher of Costa Mesa; their grandnephew, Richard L. Lupold, en route to Viet Nam, the Rev. and Mrs. Harry Hix at Stillwater

Okla., and Mr. and Mrs. Perry Starkey, Santa Ana.

Points of interest visited included the Mission at San Juan Capistrano, Laguna Beach, Big Bear Lake, International Airport at Los Angeles, Forest Lawns Memorial park, the Tournament of Roses parade on New Year's day, Old Mexico, Imperial Beach, Hollywood, and Knott's Berry Farm.

Mrs. Lupold was the former Carolin Schatz, daughter of George W. Schatz, pumping engineer at the Mt. Joy water works for 50 years prior to his death in 1958.

Spend some time reading to your child and you can help him develop a love for reading, suggests Mrs. Marguerite Duvall, Penn State child development extension specialist. Hold him on your lap, read to him, and explain pictures or words as he asks about them. If your child likes to read and thinks

it's important, he will develop the love for reading. But, don't demand his attention or spend long sessions with books when he is tired and restless.

G.O.P. Women Set Schedule

The Women's Republican Club of Lancaster County has set up the following schedule of meetings:

Tuesday, March 21, 12 noon; Holiday Motel, luncheon; Wednesday, April 19, 6 p.m.; Millersville Fire Hall, covered dish supper; Guests will be husbands of members and State and County legislators. Tuesday, May 23, 12 noon; Gap Fire Hall, luncheon at which new members will be introduced; Tuesday, June 20, 12 noon; Foodergong Restaurant in Ephrata, luncheon.

The meetings are open to guests of the more than 3500 members of the Women's Republican Club of Lancaster County.

The total-electric home of Mr. and Mrs. Vernon Ranck, Lititz, R.D. 3

**We asked the Vernon Rancks:
Is total electric living
as low-cost as we promised?
Their answer:
Yes! We paid just \$30.65 a month
last year for everything,
including electric heating!**

This low cost also included electric water heating, cooking, laundering, lighting, and all their other electric services.

That's why we say, to make a true comparison of the total costs of home heat and operating all your work-saving appliances, you must add together *all* costs.

With total electric living, for instance, there's just one service, one bill and no expensive maintenance contracts. But to get the true cost of flame-type heat, you must add together the fuel bill, the elec-

tric bill and the service contract. Put them all together and you'll see why we say live the total electric way as the Rancks do.

IF YOU ARE BUILDING — be sure to tell your builder you want to be modern, you want the best, you want electric heat. **IF YOU ARE REMODELING** — call a Reddy Kilowatt Recommended Electric Home Heating Dealer for an estimate. He is listed in the Yellow Pages under "Heating Contractors."
