## Tribe Drops '67 Season Opener By 2-1 Count

A two-run, bottom-of-the-last-inning blast gave the Ephrata Mountaineers a 2 to 1 victory over Donegal Tuesday afternoon as the 1967 baseball season opened.

Until the finale, Donegal had the game in hand, 1-0, on a fifth-inning counter.

The Tribe's defeat was set with a single, an error and a triple tied together in a neat package to upset the apple cart of Coach Don Staley and his untried outfit.

John Hay did the hurling, giving five hits, but nary a walk. He fanned eight. Hay, one of the '67 pitching veterans, was caught by Bill Reuter, the only hold-over varsity catcher on the Tribe squad.

Donegal hits were by Caswell; Reuter, batting cleanup; Hassler (who scored the Donegal single run) and Gohn.

## The Prayer of the Week

The prayer this week is by Ronald Bridges:

"Almighty God, our Father, fill us, engulf us, sweep us away with the tides of thy spirit, that we may live in thy righteousness.

"Search us out with all the hounds of heaven when we hide from thee in our respectability.

"Send legions of angels to beleaguer us when we make stand against thee in the round tower of our good works.

Forgive us, Lord, when we are stupid and insist on doing that in thy name which is not thy work.

Forgive us when we invoke thy name to assert our vanity and our prejudice.

"Forgive us, Lord, for our impatience with the movement of thy hand among events. Teach us to wait thy time and to move in the rhythms of thy purpose.

"Help us to stand rigid inflexible against all evil, all cruelty, all hatred in the name of justice. But remembering our sins, we humbly ask to know the mystery of mercy that we may yield a little in thy time and for the sake of thy son Jesus Christ. Amen."

## 'Tulip Time' Is Predicted

John P. Meszaros, director of the Hershey Rose Gardens and Arboretum, set April 16 as the target date for the first bloom of early types of tulips such as Kauffmanniana, Gregii and Fosteriana. Looking their best for attention about the same time will be 150 varieties of daffodils (Narcissi ranging in color from white, pale yellow, pink, golden yellow to deep orange and orange-red. Huge trumpet varieties gleam along side of the dainty, multi-flowering types and the bi-colors.

From May 1 to May 15, the remainder of the 30,000 tulips, 500 varieties, are expected to be at their best. Among these are Double Early, Peony, Lily-Flowered, Parrot, Darwin, Cottage and Triumph specie. The Giant Darwin Hybrids stand strong and tall over the other thousands of tulips, as if conducting this harmony of color.

Again this year visitors will marvel at the delicately fringed petals of the Orchid Flowering tulips. Joining the tulip color parade of reds, dazzling yellows and charming whites are the pretty pinks and lovely lavenders. Contrasting focal points of color are created by the bi-colors and near-black.

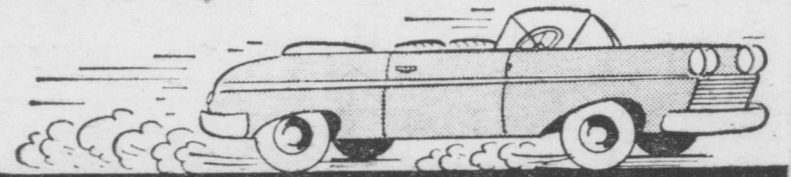

Of special interest are the beds of tulips designed as a Windmill, Tulip Flower and Wooden Shoe. Each bed is planted with tulips of the same bloom period. The tulips in the Shoe and Flower beds bloom early, while the Windmill bed varieties bloom toward the end of the tulip season.

Causing a minor commotion will be the 40 varieties of hyacinths with their red, white, yellow, pink, lavender, blue and orange colors. Surprisingly, these hyacinth colors are distinctly clear.

There's no need to tip toe through the tulips because the wide walks are deep
