PEARS FOR GOOD EATING

Unlike most fruits, pears have the best flavor and texture when they are picked at the green-mature stage. This means you can take advantage of the economy of buying a basket of pears to use as desired, says Harold E. Neigh, Penn State extension consumer economics specialist. There is no need to take up valuable refrigerator space with green pears because they ripen at room temperature. Sort out the ripe pears and put them in the refrigerator or use them properly.

MESH JACKET
