### Many Cities Are Fluoridating Water Supplies

Many cities are fluoridating their water supplies.

In Pennsylvania, one-third of the State's population is using fluoridated water.

Any community that can meet and maintain the standards set by the Pennsylvania Department of Health may have its application approved to use this health procedure. Fluoridation, under these standards, is safe, effective and efficient. It is recommended by your State Health Department.

The popular notion that geese are "silly" is misleading for careful observation indicates they are above average in intelligence and are resourceful in the face of danger.

Old confidence men never die, they just steal away.

## MEMO - Mount Joy - 1968

- 1.—Work for an attractive, public park at the Cove, keeping in mind that this is one of the most historic spots in our entire community.
- 2.—Encourage public and/or private capital to launch a tourist attraction which will put Mount Joy "on the map."
- 3.—Buy and regularly use a borough-owned street sweeper.
- 4.—Press for completion of the codification of borough ordinances.
- 5.—Enlarge the "Music in the Park" project.
- 6.—Start now to provide more water for our community, cooperating and participating with any agency which is interested in such a project.
- 7.—Get the Wood street rebuilding project firmly and certainly launched this summer with a firm schedule for completion.
- 8.—Press for improvement on Manheim street between Mount Joy and the site of the new 230 Bypass interchange, including the drainage problems in the area of the Little Chiques creek bridge.
- 9.—Take steps to insure that property within the borough has fire plugs located within reasonable protection ranges.
- 10.—Begin immediately to develop plans for the newly acquired borough building, to make it into an efficient, attractive and useful addition to the borough's facilities, including adequate headquarters for the police department.
