Next week Mount Joy's dirty streets are to be

S. A. Horton, borough street commissioner, announced this week that beginning Monday, March 18, a sweeper will be in town and will begin work on East Main street.

Work will progress as rapidly as possible and the plan is to sweep all streets in the borough which have curbs. The anticipation is that the job will take about three days.

Horton said that the sweeping crew will be assisted by the police department, which will direct traffic, where necessary, and help with the parking of automobiles.

Originally, the annual sweeping operation would have been sometime in April. In fact, at the March meeting of borough council last week, Horton set a tentative date.

However, the continued dry weather and the dirty, unsightly streets have become more than the pride of the community could bear.
