SEVEN CENTS

One of the "hot" subjects in the borough these days concerns zoning.

It has been pointed out that there are home owners disregarding the ordinance—either knowingly or unknowingly—and that they are making repairs and improvements to property in violation of the ordinances of the borough.

If the construction, improvement or repair is to cost more than \$100, a permit from the Zoning Officer is needed.

Apparently the ordinance has been violated when out-of-town contractors come into town and do the work. The fact that the out-of-towner does the work is no relief from the necessity to have a permit.

Also there allegedly are violation about set-back restrictions on new homes. There are regulations which state that the front of buildings shall be a certain number of feet from the street.

The borough, then, apparently faces a decision of piece-meal enforcement, the making of an example (which could be a very embarrassing and costly matter for the property owner) or finally abandoning its zoning regulations simply by vacating enforcement.

Midget Team Wins Crown

Mount Joy's tremendous midget baseball team won a resounding 7-0 victory Monday night, Aug. 12, and thereby grabbed a county championship.

Played at Davey Arnold field in Lancaster, the Mount Joy boys blanked Strasburg easily with Bruce Sutter pitching a three-hitter.

It was a Mount Joy game all the way, Sutter fanning an even dozen and walking only two. It was the fourth inning before Strasburg could get a man to third base.

As a result of their victory, the Mount Joy team is to make a trip to New York to see a big league game in Yankee stadium.

Mt. Joy 102 200 2—7 5 1
Strasburg 000 000 0—0 3 3

The same night, Landisville's Junior Midgets also won a championship in their playoff tournament, stopping Boys Club, 1 to 0.

Victory came in the fifth inning. With one out, Steve Farkas singled and stole second. Hassel grounded and was safe as the runner advanced to third. In a defense tangle at first, Farkas scored to set up the championship win.

Hassel, the pitcher, gave only four hits.

Vo-Tech School Groundbreaking

Groundbreaking ceremonies for the new vocational-technical school, to be built at the north edge of the borough, are expected to be held within the next few days, it was announced this week by Dr. Harry K. Gerlach, Lancaster County Superintendent of Schools.

The ceremony tentatively is set for next Tuesday.

Invitations to school, civic and community leaders will be extended by the county superintendent's office.

The groundbreaking here is to be one of three in the county. Others will be held at Brownstown and at Willow Street, where two other schools, similar to the one in Mount Joy, will be built to serve other sections of the area.

BPW Takes Trip

On Thursday evening August 8, members of the Mt. Joy Business and Professional Women's Club and their guests traveled by bus to the Lapp farm located in the heart of the Amish country near Intercourse.

The group enjoyed a chicken barbeque and homemade ice-cream. After touring the Lapp farm the group was treated to an old-fashioned hayride—the wagon was drawn by two capable work horses.

School Opening Date Set

Just three weeks and Donegal district schools will be back in session after the '68 summer vacation.

Classes for all youngsters are scheduled to begin on Thursday, Sept. 5.

School administrators said this week that on Friday, August 20, there will be a special orientation program for teachers who will be coming into the district for the first time.

A year ago the district, for the first time, took pains to give new teachers a look at the district and to tell them and to show them things which would give them a running start toward knowing local community.

Supervising Principal Ragnar Hallgren took personal charge of the day's activities. All teachers will report for in-service days on Tuesday and Wednesday, Sept. 3 and 4.

Music in Park Rescheduled

Saturday evening, August 10, it began to rain about 6 o'clock. By 7 o'clock, rain was falling heavily.

At 7:30 o'clock the second 1968 "Music in the Park" program was to begin.

Needless to say, the evening's entertainment by Romayne Bridgette and Barbara Thome was cancelled for the evening and immediately rescheduled.

Jerry Lutz, acting president of the Community Council, which sponsors the Music in the Park concerts, said while the rain was still falling that the program would be held Thursday night, August 15, in Memorial Park, beginning at 7:30 o'clock.

Miss Thome and Mrs. Bridgette, among the community's most talented vocalists, will give an hour's program of Show music.

They will use tunes from some of the best-loved and most outstanding musical productions of Broadway in recent years.

An Editorial

Who am I?

Oh, I know my name, my address, my telephone number, my zip number and my birthday. And, I know where I work, I know my job and I know what is expected of me on the job.

I know who I am. Sure I do.

Yet, the basic answer to the question of "Who am I" is one of the most sought after and yet the most elusive a man asks of himself.

Man—as a boy and as an old man—repeatedly ponders to himself the fundamental questions of his origin, his end and of how he shall travel the road between.

And—it is how he answers these questions which determines the kind of a man he is, or becomes, and the attitudes he assumes along the way.
