CARNIVAL OF FUN

Strange words like "Bag Men" (Balloon vendors) and "Juice Joints" (Lemonade stands) are all part of today's carnival slang, but actually, carnivals go way back, thousands of years, to an ancient Greece and Rome where street crowds were entertained by the First Carnival performers . . . The Strolling Players!

In the 12th Century B.C. the Egyptian King Rameses III, hunted gazelles mounted on a light chariot using a lever which jammed a 'shoe' against the wheel rim whenever he wanted to stop!

Officers for the P.T.A. of Elm Tree School were elected recently. Named were James Garber, president; Raymond D. Martin, vice-president; Mrs. Wilbur Ebersole, secretary; Mrs. Richard Kauffman, assistant secretary; Mrs. Russell Swarr, treasurer, and Mrs. Earl Swarr, assistant treasurer.

Plans were completed for a chicken barbecue, to be held May 24, 3 to 6 at the school. There will be take-outs only. A food sale also is planned for the same day, featuring only home made foods. Barbecue tickets will be available at the door the day of the sale.

George Family To Give Concert

This Sunday evening, May 25, at 7:30 o'clock, the David George Family will present a special music program in the Florin Church of the Brethren, 815 Bruce Avenue, in Mount Joy.

This famed musical family is well known throughout this part of Pennsylvania and has presented outstanding programs in churches and denominational conferences.

Members of the David George family are not only proficient as bell-ringers but they use a number of musical instruments throughout the evening's program.

Because of the great demand for their services, the David George family was engaged months ago by the Music and Worship committee of the local church. The general public is invited and urged to attend this special music program.

attached a chemical gadget which by changes of color tells the officer in charge within what range of drinking the driver has been partaking.

A healthy, 150 pound man is able to drink 3/4 ounce of whiskey per hour, wait an hour and then be considered not under the influence. In other words, he said, the body will dissipate 3/4 ounce of liquor in about an hour.
