BY NANCY NEWCOMER

Mr. and Mrs. Charles Bennett returned a week ago Sunday from a 24 day trip to Europe. They flew to Frankfurt, Germany, where they met their son, Cpt. James R. Bennett who is stationed with the 67th Medical Depot at Kaiserslautern, Germany. From there, the three of them motored 3,000 miles visiting the countries of Germany, Austria and Italy.

Dr. Ralph Coleman, assistant supervising principal of the Donegal School District, suffered a mild heart attack Saturday night, Oct. 11 at his home in Elizabethtown and has been in the constant care unit at the Lancaster General hospital. Cards are acceptable, but no visitors till after the week end.

In observance of Fire Prevention Week two weeks ago the first grade class of Mrs. Dorothy Young collected \$19.97 from the entire Seiler School toward the new Mt. Joy fire truck. They presented this gift to the fire company by taking a walk to the Fire house and receiving an informative talk on the functions of a fire truck and its equipment. Each of the 33 children had drawn their own conception of what the new fire truck might look like and they were hung on the fire house wall.

Mrs. Catherine Bennett is home from the hospital following a fall which occurred two weeks ago.

Mrs. Erica Harden, from McCamey, Texas is visiting her mother, Mrs. Helena Pothke for a few weeks. Mrs. Harden is a former resident of Mount Joy.

Mrs Ray Byle and son Kenneth, and Mrs. Erica Harden spent last week end in New York City via the train. They visited many of the interesting New York sights, which was a first-time experience for Mrs. Harden. Among their travels was the United Nations Building, Statue of Liberty, RCA Building, tour of Chinatown, Greenwich Village, Radio City Music Hall, St. Patrick's Cathedral, Rockefeller Center where the colorful Mums were in full bloom, along with ice skating. They particularly enjoyed shopping and "people watching" on Fifth Ave.

Rev. and Mrs. Ted Bowers, former pastor of the Mount Joy Church of God, are the parents of a little girl, Jennifer Sue, born Sept. 17. Rev. Bowers is presently serving at the United Church of Christ in Dover, Pa. They have two other children, Brian 7, and Mary Ann, 5 years.

Mr. and Mrs. Herbert Sarver have returned from a fabulous 18-day trip to Europe. They flew from the Kennedy airport to Shannon, Ireland where they enjoyed modern comfort in the 14th Century Dromoland Castle eight miles from Shannon. This castle was bought by an American industrialist who spent 2½ million renovating it into a luxurious hotel surrounded by a 1200-acre park complete with golf course, fishing lakes, hunting grounds, and horseback riding, to mention only a few sports.

While in Ireland they kissed the Blarney Stone, shopped for Irish linen, tweeds and Irish Waterford cut glass, visited the towns of Killarney, Tipperary and Galway Bay. At Knaptoque Castle in County Clare, they were treated to a medieval

banquet featuring the history of Ireland beautifully done in music, dance and narration. (This banquet hall is pictured in the September National Geographic Magazine.)

From Ireland they flew to London, where they saw Buckingham Palace and the changing of the guard, Windsor Castle, which is twenty miles from London and where the Queen and her family are currently staying. On the way to Windsor Castle, they visited Runnymede where the original Magna Carta was signed by King John in 1215. Also visited was Stokes Poges where Thomas Grey wrote his "Elegy in a Country Church Yard".

They toured London and took the boat ride from the Tower of London, where the crown jewels are kept, to Hyde Park. They enjoyed the play "Charlie Girl" and did some shopping to conclude their stay in London.

Geneva, Switzerland, was the next attraction on their trip. There they toured Geneva and took a boat ride on the beautiful Lake Geneva which is completely surrounded by colorful outstanding gardens. Then onto Chamonix, where they took a cable car to the top of Mont Blanc, which is the highest point in Europe, and the highlight of their stay in Switzerland. In Lisbon, Portugal they stayed in a resort called Casais about 20 miles from Lisbon on the Atlantic Ocean. Portugal is noted for its many museums and statues honoring the early explorers of North and South America, which they saw. A Fado restaurant featuring typical Portuguese dishes and entertainment with interesting folk dances and singing was particularly enjoyed. They report that the country side was interesting with the many rice paddies and turnip fields, fishing villages and beautiful mountains. The last event on their trip was to go on the nearest point to the United States in Europe which is located in Lisbon.

Mr. and Mrs. Harry E. Derr, 102 East Donegal St., returned Sunday from a two week vacation in Florida. While there they visited Cape Kennedy, Orlando, Silver Springs, Claremont and many other places of interest.

Teresa Wagner, freshman at Lock Haven college, visited over the week end with her mother and sister. Mrs. Roy Wagner and daughter, Denise, Florin Avenue.

If you have been on a vacation, a week end trip entertained out of town friends or had a party, call me with the information at 653-5701. Deadline for each week's paper is Monday noon.

One Night!

TRICK OR TREAT

Mount Joy again will observe one night, just before Halloween, as "Trick or Treat" night, Mayor Frank Walter announced

That one night will be on Wednesday, Oct. 29th.

In the past three or four years, the single night of trick or treat has been observed rather faithfully.

NEW ARRIVALS

John and Rebecca (Arkin) Holland, Mount Joy R1, a son, Friday, October 17th at Lancaster Osteopathic hospital.

Part of Shea Stadium Grows in Mount Joy

In Mount Joy there is a piece of Shea stadium!

Actually growing here is a piece of sod which only a few days ago was part of the playing field of the home ball park of the world champion Mets.

The fact that it is in Mt. Joy is part of the story of how the fans of New York celebrated as the story-book Metropolitans won their way to the topmost rung of professional baseball.

Awards to PO Employees

In the Post Office Department, safety is a big factor and each employee is constantly being reminded that safety pays dividends.

In the Mount Joy Post Office, being reminded of safety is nothing new, especially for those who drive vehicles—either their own as do the rural carriers or a government vehicle as do some of the employees in the delivery of special deliveries, relays and parcel post.

Recently Joseph Shaeffer, assistant postmaster of the Mount Joy office, honored seven employees who have had safety records in driving vehicles.

The following were honored with pins showing the number of years of safe driving. Rural carrier Bruce Greiner was honored with 8 years and rural carrier Russell Kuhn, 10 years perfect record. Others in the office were clerks and carriers. J. Roy Eshleman was honored for 5 years, Jay Mueller Jr. for a perfect driving safety record of 7 years. Frank Tyndall was honored for 3 years perfect driving record and John Walters for a perfect 3 years.

AUXILIARY MEETS

The Ladies Auxiliary to the Mount Joy Fire Company met in the Fire Hall Oct. 16.

The president presided, with 23 members present and two new members: Helen Harnish and Amanda Darrenkamp.

Nomination of officers will be held at the November meeting, also a white elephant party.

The Christmas Party will be held at the Fire Hall Dec. 18 for members only.

WEEK OF EVANGELISM

Rev. Jacob Bowers of Collegeville, Pa., will serve as minister for an 8-day series of evangelistic meetings to be held at the Cross Roads Brethren in Christ church, Oct. 26 - Nov. 2.

Services will open at 7:30 p.m. weekday evenings and at 7 p.m. on the two Sunday evenings.

The public is invited to these meetings.

- 1.—Seriously consider the installation of curbs on West Main street through the Florin ward.
- 2.—Continue improvements of Wood Street, reconstructing one or two of the sections remaining after the 1968 project.
- 3.—Buy and regularly use a borough-owned street sweeper.
- 4.—Press for completion of the codification of borough ordinances.
- 5.—Enlarge the "Music in the Park" project.
- 6.—Start now to provide more water for our community, cooperating and participating with any agency which is interested in such a project.
- 7.—Improve the quality of water supplied by the municipal water system.
- 8.—Press for improvement on Manheim street between Mount Joy and the site of the new 230 Bypass interchange, including the drainage problems in the area of the Little Chiques creek bridge.
- 9.—Take steps to insure that property within the borough has fire plugs located within reasonable protection ranges.
- 10.—Encourage public and/or private capital to launch a tourist attraction which will put Mount Joy "on the map."

Among the nearly 60,000 people who jammed the New York ball park on what turned out to be the final day of the World Series were two local men—Lester Hostetter and John Hoffman who had been offered tickets by their New York correspondent.

They sat back of home plate the day the sky finally fell in on Baltimore and were part of the jubilant celebration which broke loose in almost unbelievable tumult immediately as the final out was made.

Fans began grabbing every thing loose as souvenirs. Even the bases disappeared.

Youngsters began digging up the sod on the field and carrying great chunks of it under their arms.

As the jubilation continued, they would claw off a big hunk of the sod and fling it up into the stands where the crowd milled around for nearly an hour enjoying the festivities of victory.

As one of the hunks of grass and dirt came sailing up into the stands where the two Mount Joy bankers were standing, Hostetter shot up one of his long arms and grabbed the throw.

He found an empty paper sack, stuffed the piece of the playing field inside and brought it home.

Being the gardener that he is, Hostetter, likely will be able to keep the piece of sod growing and one day will point with justifiable pride to a spot in his yard which once was Shea stadium.

According to Assistant Postmaster Joe Shaeffer, this is no record in relation to other offices but it does indicate that the employees who drive vehicles do consider safety a big factor in their lives.

The speaker will be Roger L. Groce, assistant manager of Corporate Information in the Public Relations and Public Affairs Department of Armstrong Cork Company in Lancaster.

He will speak concerning "Public Relations as it applies to business women"—a fitting climax to National Business Women's Week being observed this week—October 19 - 25.

Groce is a captain in the Air Force Reserves, with a public relations assignment in Washington, D.C. He has been employed by Armstrong
