James Kreider, Supt.

Some things are absolutely essential to manhood. One of them is knowing how to

Obviously any ability must be acquired before there are regular demands for its. use. That's why someone else decided that we must learn to tie our own tie.

All religious education is built on the same principle. Faith and moral understanding must be gained before doubt and temptation are encountered. Our parents, Our Church train us for constructive living.

Of course, there is nothing illogical in the oft-heard contention that, when a person is old enough, he can make up his own mind about religion.

That's exactly what millions of us have done!

But in almost every case our parents gave us adequate and continuing preparation for that decision. With the guidance of the Church we learned the value of faith and spiritual perception. Then we were able to make our vital decision from knowledge and experience!
