

# GO TO Church on Sunday SPACE

Is there life on other planets in other galaxies out there? This is a question we ask with increasing frequency these days. When God made our world, was it the only one He fashioned?

We may never know. The answer may lie far in the future. But it is an enticing subject to speculate about.

Many fascinating subjects are being discussed today—in church. If this surprises you, it only goes to show that you haven't been attending church lately. To keep in touch with this challenging world, start going not only to regular services but to some of the special discussions in your church.
