Deaths

WM. C. EDYE III

A two-year-old Mount Joy boy died in St. Joseph's hospital Thursday night, Feb. 26, shortly after he was admitted.

An autopsy was ordered to determine the cause of death of William C. Edey II, son of Mr. and Mrs. William C. Edey Jr. of 246 Marietta Avenue.

A physician said that the child might have injured himself somehow on Wednesday and it went undetected by the parents. During the day Thursday, the boy's condition became worse. The mother, Donna, took the child to the hospital Thursday night.

Funeral services were held from the Sheetz funeral home Saturday afternoon, Feb. 28, and burial was made in the Laurel Hill Memorial cemetery, Columbia.

WORLD PRAYER DAY MCH. 6

Church Women United of the Mount Joy area will join millions of people on Friday, Mar. 6, in a bond of prayer spanning six continents.

Prayers will be offered in 75 languages and a thousand dialects. World Day of Prayer is sponsored in the United States by Church Women United and will be celebrated in 25,000 communities.

Here in our community everyone is invited to join this Worldwide fellowship at Chiques United Methodist Church on Friday, March 6 at 7:30 p.m. Participating in the celebration will be representatives from eight of our local churches. The Theme of the program is "Take Courage!" Miss Maude Parsons, a retired Missionary will be the speaker. Miss Parsons spent 20 years in China and 18 years in Japan. She is now living at Cornwall Manor. Mrs. Troy Mark will be the soloist for the service.

This annual chain of prayer links the first voice at dawn in the tropical Tongas just west of the International Date Line, with millions of others as it passes through out the Day across oceans and continents. By nightfall, its message of hope will have followed the sun's arc until the last prayers are said in Hawaii and the islands of Alaska.

The theme "Take Courage" was chosen and made relevant by an International Committee headed by Miss Girdon Diestel of Germany. The program was developed as a housewife from Egypt, a social worker from Guyana, a church worker from the Philippines, and a woman from the United States discovered a common band of worship and witness.

World Day of Prayer provides an occasion for participation in a nationwide offering committed to helping others to "take courage". This year's emphases are: New religious educational materials for Latin Americans and Spanish speaking families in this country, support of a Secretary of Women's Work of the Near East Christian Council; the dispossessed Spanish migrant and Indian American Communities. These are part of an Intercontinental Mission, a fund through which the Church Women United expresses its concerns for others in concrete terms including grants for Christian literature on six continents and grants to Christian Colleges in Asia and Africa.

Donegal Wrestler Wins Way into Final Bout

ONLY SECOND LOSS OF SEASON

Jeff Duke of Manheim Township, it appears, is the only ship wrestler, however, these parts who can handle Donegal's Ken Piersol.

And, unfortunately for the 120-pound Indian ace, he has done it twice this season.

During the regular season, Piersol lost only one match and that was to Duke.

In the sectional at Elizabethtown college Feb. 27-28, he went through the tourney with flying colors and won a county co-championship with Duke.

Last weekend at the Farm Show building in Harrisburg, Piersol was going great guns, straight to the finals, where he and Duke met again.

Piersol led 4-0 in the third period. The Manheim Township wrestler, however, reversed and got a predicament to send the bout into overtime.

Duke rode out the first overtime period and reversed in the second for a 2-0 victory.

The Donegal finalist won a 11-10 decision over his quarter-final opponent and a 5:59 fall in the semi-finals.

He and Duke were 4-4 at the end of the regulation period.

Duke, likewise, had won a decision in the quarterfinals and followed with another in the semi-finals, squeezing by with an overtime.

Rotary Entertains Farmers

Farmer friends of Mount Joy Rotarians were guests Tuesday noon, March 3, at the club's weekly luncheon meeting, held at Hostetters.

Speaker for the day was Jay W. Irwin, associate county agricultural agent of Lancaster county, who spoke on "Outlook on Agriculture in the 1970's."

"If the space program had made as much progress in the past 20 years as agriculture, we would now have shuttle service between earth and the moon," he declared as he spoke of the giant steps the farmers have made in recent years.

He sees agriculture in Lancaster county as big business

— \$124 million per year — as progressive.

And, he sees it getting bigger. Use of computers has begun, he said, and they will increasingly become part of the decision making in farm management.

Size of farms will increase, he predicted, and automation will increase. He expects increased hybrid vigor in cattle by cross breeding and increased control of poultry disease.

However, because tobacco is a crop not easily mechanized and labor becomes an important factor, he does not foresee an increase in that area of local farming.

The speaker was introduced by R. F. Hallgren.

Two Nabbed in Wire Theft

Several days ago someone stole some copper wire off the utility poles along the Penn Central railroad in Mt. Joy and were not caught.

Monday night, however, two men were arrested as they were alleged to have been doing the same thing.

Railroad police and Mount Joy officers nabbed two York Haven men — Richard Lee Troup and Kenneth Schurtz — about 5 a.m. after a stakeout which began about four hours earlier. They were charged in the court of Raymond Knorr, justice of the peace, with larceny, receiving

stolen goods and conspiracy. Failing to post \$1,000 bail, they were committed to Lancaster County Prison.

Officers grabbed a pair of rugged bolt cutters and an auto. The car had lengths of cable in the trunk and on the floor between the seats.

The heavy copper cable is strung atop railroad communication lines. The men arrested are alleged to have been working along Sassafras alley, climbing up the poles and cutting the lengths of 3/8" cable from their fastenings.

The car was impounded in the borough garage.
