BY NANCY NEWCOMER

The three third grade classes at Seiler Elementary school attended the Zembo Shrine Circus in Harrisburg last Friday. They traveled by bus with the following teachers in charge: Mrs. Margaret Hart, Miss Anna Mae Eby and Miss Dorothy Kaylor. Also accompanying the group were two mothers from each room, Mrs. John Stauffer, Mrs. Kenneth Newcomer, Mrs. Harold Zimmerman, Mrs. Charles Zeller, Mrs. Robert McMullen and Mrs. James Boulton.

A bit of neighborhood fun was enjoyed last Saturday morning at Chiques creek when the day finally arrived that Tim and Tom Bair launched their seven foot row boat that they received for Christmas. Those friends on hand to share the occasion were Joey Coover, Kelley Lesher and Brian Lesher, Bradley Brooks and Johnny Day. Supervising the event were Mrs. Ray Bair and Mrs. Catherine Bennett.

Mr. and Mrs. John Weidman and Mr. and Mrs. Bernard Grissinger were entertained Thursday evening by Fred Waring and his Pennsylvanians at the Hershey Community Theatre. They report the music was beautiful and the chorus members entertainers themselves.

A kite flying contest was held last Wednesday at Seiler School under the direction of Mrs. Charles Drace, teacher's aide. An instruction sheet was sent home with each child in grades one thru six the end of February with kite flying rules, and contest regulations, and complete instructions on how to assemble a kite. In order to win one of six prizes, the kite had to be completely homemade, and fly in the wind. Those awarded prizes were: Keith Mateer, 6th grade, for the best workmanship, which was one of two box kites; highest flying kite approximately 1,000 feet ended in a tie between John Sheets, 5th grade, Brad Newcomer, 4th grade and Eric Gotwalt, 3rd grade; smallest kite was flown by Joe Coover, 4th grade, most comical was Bill Dommel, and Mark Divet, both 4th grade and best invention prize went to Timothy Keller, 2nd grade, which was a box kite. Judges were teachers Ed Miller and James Sarbaugh and principal, Charles Heaps.

John A. Gantz, son of Mr. and Mrs. Arthur B. Gantz, left Monday, April 6 for basic training at Fort Dix, New Jersey. He enlisted in the Army just two days before he received his draft notice. He is planning to attend electronics school at Ft. Monmouth, near Ft. Dix. John graduated from Donegal high school in '68 and has been employed at the Weis Market in Mount Joy since graduation.

Mrs. Barbara Fellenbaum returned Saturday after a delightful one-month trip to California. She flew from Baltimore to Los Angeles and then on to Torrence, to visit her cousin, Mrs. Eunice Cook. She also visited her grandchildren, Mr. and Mrs. George Bacon in Canoga Park, California. For five days she traveled with a good friend, Mrs. Anna Knapp, along the coast north to Ft. Brogg. Of particular interest were the magnificent redwood trees. The highlight of her trip, was the abundance of beauty abounding everywhere in California. She spent a week in Valparaiso, Indiana visiting her daughter and family, Mr. and Mrs.

Harry Jennings and traveled to Davenport, Iowa and Downers Grove, Ill.

Jerry Rutt, son of Mr. and Mrs. Titus Rutt, visited his parents for one week after returning from a year's duty in Viet Nam. On Saturday he left from Kennedy Airport for Saigon by way of Paris, Rome and New Delhi. Jerry works in Saigon and is an employee of IBM.

tire, too.

From "The Mount Joy Sporter," edited by Earl Koser, we reprint the following: "Several weeks ago, Elwood Martin went to a public auction on a Saturday afternoon and ended up buying a spring and mattress. He bought it for his camp in Perry County. This was all well and good but the problem came the next day when he and Brady Hess took it up to camp.

"They unloaded it and realized it would not go up the stairway, they hoisted it up on the porch roof with the intention of going in the bedroom window. Here is where the problem arose. Would you believe, the window was too small. First they removed the sash and strips, but it would still not go in. In desperation they took the entire frame out, down to the logs, of which the building is constructed. Then, only with much ingenuity as they could muster did it go in.

"They later replaced the frame and sash, only temporarily, for Elwood said he intends to install a larger window so he does not have this problem again."
