

# Fire Guts Welding Shop

## Explosion Friends Help

John Henry Lutz's welding shop was virtually destroyed Wednesday afternoon, April 29, when fire gutted the concrete block building, located on Donegal Springs Road.

The blaze broke out following an explosion, believed to have been an acetylene tank. Lutz was not in the shop at the moment the blast occurred. He had gone into his nearby home and heard the explosion and felt the shock.

He then saw smoke rolling from the shop and immediately sounded an alarm, called the Florin and Friendship Fire companies. As chief of the Florin firemen, he had an electronic alarm device for the local as well as all the Zone 7 fire companies.

The blaze was quickly out of control as several other blasts occurred.

An auto owned by Jesse Mummaw, parked in the shop to have a trailer hitch installed, was destroyed as was much of the welding shop equipment.

An unused chicken house nearby was saved.

A brother fireman had friends when he needed them Saturday!

On Friday, following fire at his place of business, John Henry Lutz picked out what small tools he could from the debris of his welding shop on Donegal Springs Road.

Saturday some 50 firemen and friends descended upon his property and with loaders, trucks, muscle and good humor, cleared away the charred and ruined remains, including badly damaged cement block walls. The rubbish was hauled away and this week Lutz was pondering exactly how to approach his problem.

He said Tuesday that he 'expects' that he will rebuild. Lutz, as chief of the Florin fire company, has friends throughout the county.

Saturday's helpers came to Mount Joy as representatives of the Silver Spring, Florin, Mount Joy, Marietta and the Rheems fire companies, from the Forest Fire Crew and from a number of friends.

## Rotary Sees Alaskan Pictures

Dr. Al Barrick was the speaker Tuesday noon at the weekly luncheon meeting of the Mount Joy Rotary club held at Hostetters.

Showing slides of some of his hunting and fishing expeditions into Alaska, the Elizabethtown dentist captivated his audience with some of the grandeur of the out of doors of the far north country.

The doctor plans to go to Alaska shortly to make that state his home.

Charles O. Groff, Rotary vice-president and program chairman, introduced the speaker.

## Henry Hackman Given Citation

Henry H. Hackman, head of the science department of Donegal high school, was honored Wednesday night, April 29, at Philadelphia when he was presented a plaque and citation by the Chemical Industry Council of Eastern Pennsylvania.

He was accompanied by John G. Hart, assistant supervising principal in charge of academics and personnel.

The occasion was the 11th annual Benjamin Rush Chemistry Award banquet, held to honor outstanding high school chemistry teachers in this area.

He was one of eleven given recognition.

The award was presented by Dr. Frank Sutman, chairman of the Science Education department of Temple university, for "outstanding contributions to chemistry education."

## Family Week Ends

Culminating the Family Week celebration at St. Mark's United Methodist church will be a special program by the children on Sunday evening, May 10 beginning at 6:30 p.m.

The service will be held in the sanctuary of the church and will consist of a variety of class presentations and songs in demonstration of the work being done in church school.

Afterwards there will be a period of refreshment and family get-together in the fellowship hall of the church.

Everyone is invited to attend and to participate.

# Brief Council on Fire Pumper Purchase

Notice that the Mount Joy Friendship Fire company plans on Thursday night to purchase a piece of new fire fighting equipment was given Borough Council Monday night, May 4, at its May meeting in the borough building.

Councilmen were invited to attend and learn first hand what the company proposes. Fire Chief Frank Good Jr. said that the company has approximately \$20,000 available and it plans to buy a pumper which will cost approximately \$40,000.

As anticipated, the equipment would be of high capacity and would provide features which no other truck in the area has available.

As now anticipated, the

equipment would replace the 1940 LaFrance truck.

Purchase would be the first replacement of fire fighting equipment in 20 years, Good said.

In other business, council Monday night wrestled with garbage and trash disposal problems.

It was reported by Property Chairman George Groff that the five-year-old garbage truck has required during the past 10 months repairs of \$2,510.22. The past three years it has averaged \$800 per year.

He further said that there is a definite possibility that another \$300 item may be needed shortly. Supervisor Cletus Kaylor added that the truck needs four tires and

that the transmission is threatened.

Councilman Al Kleiner, chairman of the finance committee, pointed out that the council had tentatively decided to face up the fact that expenses may be heavy this year but that repairs would be more acceptable this year with the hope that a better approach could be found next year. New trucks, Groff said, might cost \$18,000.

An employee of the borough who works the garbage truck complained that people of the borough are not adhering to the ordinance governing how garbage and trash are to be made available for collection.

Council reread its ordinance. Garbage is to be wrapped and placed in 20-gallon appropriate containers. Each household is allowed, without extra charge, two such containers and an additional three with trash.

Council said that if garbage and trash are not in the proper containers that the borough crew is to let the material sit and is not to collect it.

Council accepted the resignation of Warren Hayman from the board of health.

Borough Treasurer Robert Kline reported that the new occupation tax already has paid into the borough \$1,275.

Councilman Simeon Horton said that work is scheduled to begin shortly on the new Ziegler street storm drain and on resurfacing of Richland & School Lane.

He said that 150 tons of debris was cleaned from the borough streets during the sweeping program last month.

Council ordered that bids be taken for the painting of Friendship Fire Hall and for repair or replacement of the heating system in the borough building.

Mr. and Mrs. Steve E. Leatherman agreed to accept \$7.50 per month as ground rent for the borough-owned trailer which is parked on their lot along Apple alley.

Complaint of a rat infestation on the property of Lancaster Leaf Tobacco warehouse on Old Market street was referred to the Board of Health.

Council approved a development plan presented by Jones and Zink to build a street and to open 11 lots along Donegal Springs Road, located north of that thoroughfare and west of Cross Roads church. The street would extend northward. Drainage and fire protection are incorporated into the plans. The development is to be known as Pennsbury Manor.

## Prayer Of The Week - - -

The prayer this week is by Isaac Ashe:

"O Lord our God, as Thou hast in mercy preserved us to the beginning of another day, enable us by Thy grace to live to Thee, and to set our affections on things above, not on things upon earth. Pour into our minds the light of Thy Truth and cause us to rejoice in Thy Word. Shed abroad Thy love in our hearts, and bestow upon us abundantly the peace and comfort of Thy Holy Spirit. Graciously increase in us that faith which works by love, which purifies the heart, and overcomes the world, that we may have the victory over every sin, and according to Thy promise, do Thou bruise Satan under our feet shortly, and deliver us from all his soul destroying power. Make us watchful against all the evil of our hearts, for the sake of Jesus Christ our Lord. Amen."

## Weis Profit Plan Meeting

A review of the highlights of the past year's operation of Weis Markets, Inc., plans for the coming year, presentation of service pins and awards, and a talk by Pete Retzlaff, vice-president and general manager of the Philadelphia Eagles, were features of the 19th annual meeting of the Weis Markets Profit Sharing Plan at the Susquehanna Valley Country Club on Tuesday, April 28.

Robert F. Weis, vice-president and treasurer of the company, summarized the advances made by the company in 1969 and complimented those present for their contributions to the success of the past year. He also reviewed plans for continued growth and expansion of the organization. Six new markets in Pennsylvania are on schedule and will be opened in '70 or early 1971. These include two in York, and one each in Nanticoke, Mifflinburg, Hazleton, and Lancaster. A continuing schedule of remodeling, enlarging, and refixturing existing markets will be in effect.

Michael C. Rheam, Vice-president and Secretary, acted as Master of Ceremonies and presented the President's Cup, an award for personnel of the company's outstanding store of 1969. It was won by Phillip Staccone and the employees of the Weis Market in Jersey Shore. Mr. Rheam also presented a 45-year service pin to Robert E. Lenker, Asst. General Superintendent in the Harrisburg area.

## Reedy to Sit At East Pete

R. Ronald Reedy, field representative for Congressman Edwin D. Eshleman, will sit in the post office of Ephrata and East Petersburg this coming Saturday, May 9. Ephrata will be from 9 to 10 a.m. and East Petersburg will be from 11 a.m. to Noon.

Anyone having any problem at all involving federal government is invited to come in and discuss it with Reedy.

When in need of printing remember The Bulletin.

## TIME FOR BARN SAFETY CHECK

Early spring is a good time for a barn safety check, remind Extension agricultural engineers at Penn State university. Repairing barn floors, lighting dangerous corners, and keeping stairways uncluttered reduces the chances of serious and costly injuries.

One tool that should be in every home is a plumber's plunger—a bell-shaped rubber cup mounted on a wooden handle. In the case of a stopped-up sink drain, place the open plunger over the drain opening, with enough water to cover the edge of the plunger so it makes a seal all around. Work the plunger up and down. The alternate compression and suction of the plunger will generally dislodge any obstruction in the drain.

It is illegal to sell butter-milk on the Sabbath in Springfield, Mo.

The fellow who gets a kick out of his work should be more careful.
