### Marietta

Throughout the past week, events centered mainly around hiking and camping

Tuesday, all the boys went on a "Commando Hike" along the Marietta river trail. For this hike the boys tried to cover a certain distance in a certain amount of time. They managed to do it, however, without going over a 2 hour limit. Wednesday, the playground went on a hike. They left about 11:30 a. m. and had lunch along the way. At one point they all stopped by Chiques creek to watch six boys put on a swimming exhibition. These boys would swing on ropes across the creek as well as jump off tree limbs into the water. The children all enjoyed watching this especially when one of the supervisors, William Reuter, decided to join them by taking his turn at swinging across the creek on the rope.

Thursday afternoon the children had "square dancing" whereby they learned what the different terms meant and how to follow them according to a record. That night there was a sleep-out for the boys and girls beginning at 8 p.m. There was more talking and laughing than sleeping, but everyone had a grand time. Friday was "hippie day." The children did a beautiful job of dressing like hippies as well as preaching the words love and peace all afternoon.

This week we will try to run as many games and con-

tests as possible. Some of these will include a bike rodeo, a pass, punt & kick contest, a checker tournament, a pie eating contest, a bingo party, and a hobby show. On Thursday evening there will be various awards given to the children. That will be the last event for this summer.

We sincerely hope the children had a good time this summer and will come back again next summer.
