World Prayer Day

(From page 1)

breakthroughs open up for the future.

1971 will be the 84th year of the celebration of World Day of Prayer. Women of many denominations-Protestant, Catholic and Orthodox and of many races and languages, seek to make visible their unity in Christ and to share in an offering that will bring hope and aid to thousands around the globe.

Some of the people who will be helped by the offerings from World Day of Prayer services are: People on vacation and older people employed in national parks, through year round ministry by early-retired ministers; experimental internships, new Christian education materials; international students in many educational institutions overseas; women leaders abroad who help bridge international gaps through special training programs and internships; women engaged in experimental ministries in education, community organization, technology, rural Christian women overseas who will study nutrition, home-making and related subjects.

Offerings will enable migrant workers to send representatives to policy-making meetings and aid in crises and emergencies; aid American Indians and Spanish-speaking people to achieve new dignity through community action in both urban and rural situations; to help Mexican women, without adequate means to support themselves and live with dignity, to start an industry; to support a woman worker to provide public health and family service for women and children in Freedom City, Miss.

Funds from this year's offerings will continue to help print "80 miles of children's books" and subsidize children's and women's magazines in Korea, Argentina, Mexico and India.

Philip L. and Jennie (Rogers) Floyd, 200 E. Front St., Marietta, a son, Saturday, Feb. 20, at St. Joseph's hospital.

Lights, Salaries at School Board

Teachers' salaries, football lights and elementary school physical education instruction were topics of consideration Thursday evening, Feb. 18, as the Donegal School Board held its February meeting.

Represented by Lewis Brown, D.H.S. biology teacher, who is chairman of the Donegal Education Association (teachers organization), teachers presented a proposed wage schedule for the 1971-'72 school year.

Budget for funding the salary will be formed between now and early summer.

The teachers proposed increases which are 11.5 percent above the current scale and will increase the budget \$141,000, Brown said. The percentage increase is based on a 7.5 percentage move up to meet 'deteriorating effects of inflation' and a 4 per cent increase added to counteract the proposed state income tax. Brown added that if a lower state income tax is passed, "we would expect a concomitant adjustment of the salary."

Brown explained that the scale proposed weights the increases to favor teachers with more training and more experience. In a prepared brochure issued to the board members, Brown showed that Donegal teacher wages are equal with average beginning salaries throughout the county but that as teachers increase their training and experience, they fall behind the county average—sharply about 10 years.

No action was taken by the board. The report was accepted and taken under advisement.

Morris M. Mengel, representing the Marietta P.T.O., appeared before the board and presented a prepared request for some elementary school physical education instruction.

He expressed concern for welfare of boys and girls

Debbie Milan, Sheryl Forte; Cello. Sheree Becker, Carol Keck, Mark Supplee, Scott Bidding, Eric Meunch; bass, Lisa Hoffman, oboe. Nancy Bulson; flute. Terre Amand; clarinet. Steven Weibley; tenor sax. James Enders, Jeff Dreisbach, Jeff Rutt; trumpet. Brenda Hess; French horn. James Zeigler; trombone.

Irene D. McElrea, daughter of Mr. and Mrs. William McElrae of Mount Joy has recently been selected to participate in the Drew University London Semester. The primary purpose of the program, conducted in Drew facilities at the University of London, is to give students from various colleges throughout the United States an opportunity

In The 1970's

MOUNT JOY NEEDS

- 1.—A borough manager.
- 2.—A greatly increased supply of water.
- 3.—A fluoridated water supply.
- 4.—An improved remainder of Main street.
- 5.—Reduction in the number of borough councilmen from nine to seven.
- 6.—Participation in the construction and use of a new, total destruction - non-pollution refuse system.
- 7.—Integration of Mount Joy's two fire companies.
- 8.—A community center for all ages.
- 9.—A "Howard Johnson-Holiday Inn" type motel in Mount Joy or nearby.
- 10.—A medical center in the immediate area to serve the healing arts needs for people in a wide area of northwestern Lancaster county.

who have no directed activities during lunchtime and recess. Comparing physical education with art and music, he pointed out that there are supervisors in the latter areas but none in the former.

There are five physical education instructors in high school and junior high school, but none in elementary grades, Mengel said.

"A total of \$25,700 is spent," he said, for junior high school and senior high school extra sports programs. "We do not feel that this is all funded." Mengel said, "but if we can afford that much for a program of this nature, can we not afford equal funding to the elementary level and for a larger number of children involved?"

He asked that the school board take a look at the problem. The subject was taken under advisement.

Concerning the proposal to light the Donegal football field, the Board took no action. However, it did authorize Dr. Harold Fellenbaum, chairman of the group's extra-curricular committee, to obtain firm costs for lighting the athletic complex with the indication that the results will then be studied along with other possibilities for using funds recently received from the Joy company.

The board did withdraw a committee action taken in early December to "proceed with allocating \$25,000 from the funds received from the Joy company for lighting the athletic complex."

A lengthy and searching letter from Walter Price, geography and history teacher and head D.H.S. wrestling coach, questioned carefully and thoughtfully the erection of lights. He based his approach on the "most good to the most people over the longest period of time." He pointed out that relatively few boys participate in football, in very few home games (mentioning the figure 35). He suggested more benefit for more people could be provided with an auxiliary gymnasium (mentioned the figure of 120 students), track (40), more locker space and others.

J. Edw. Charles, president of the board, said that personally he had never expected that the board would spend all the Joy company's \$30,000 windfall gift for lighting the athletic complex.

Also, as a personal view, he said that he feels that because of the benefits that the late Clarence Schock has given the school district, some kind of tangible memorial should be provided. He suggested that some young people are not aware

of the fact the late Mount Joy businessman did, by provisions of his will and by advance planning, greatly strengthened education in a number of ways. Charles said that he has a list of "needs" which have been suggested as ways to use the cash gift to the district and that they all will be studied.

The Board employed Al Brooks as head baseball coach for one year interim period at a compensation of \$500. Ed Hollingsworth will be first assistant coach at \$225 and James Sarbaugh, second assistant at \$225.

Brooks will assume the duties of the late Don Staley—The resignation of Mrs. Lorraine M. Singer as elementary librarian was accepted.

The board did not name a collector of delinquent taxes for the year but decided to use the office of the Justice of the Peace.

Board member Donald Kugle was named to serve as a member of the Votech joint committee.

A district school census will be taken again this year beginning in March. Miss Marilyn Baker, Mrs. Virginia Clapsaddle, Jack Tyndall, Mrs. Ruth Newcomer, Mrs. Lillian Fry and Miss Debbie Eichler will serve as the enumerators.

Permission was given the Donegal high school basketball team to participate in a holiday tournament at Elizabethtown on Dec. 28 & 29, 1971.

Robert Miller was named coach of the D.H.S. girls' tennis team for the 1971 season at a compensation of \$200.

The Board was informed that the Mount Joy American Legion has offered to contribute \$100 toward the Staley Memorial Scholarship fund. The Donegal faculty is planning a basketball game with the E-town faculty on Friday, Mar. 12, as a benefit for the same fund.

Financial information revealed that Donegal district, if money from the state is received as anticipated, will probably be in a 'borrowing' situation by late spring or early summer.

The Board was informed by Supervising Principal R. F. Hallgren that the school is now using the Lockheed Drug Program, on a no-cost basis. Use will be expected to permit any teacher to be involved to attend any workshop scheduled.

Later, the program will be re-evaluated for next year, when the cost will be \$4.00 per pupil.

The first newspaper in the United States of America printed only one issue!
