

Skidding accidents cause 10,000 deaths yearly. Knowing how to control a skid can be a life saver. Never jam on the brakes or step down on the accelerator. The most effective ways of regaining control are steering in the direction of the skid and stabbing the brakes.

**Card of Thanks**

Mrs. Mary S. Stern wishes to thank her friends, teachers and former pupils for the many Get-Well cards she received during her convalescing at her home after surgery at St. Joseph's hospital. 25-1p

If you drive past the exit you wanted, don't try backing up. Proceed to the next exit and circle around. You may not save any time but you may save your life.

Pancho Villa, famous Mexican bandit, once had a contract for grading a railroad right-of-way — Kansas City, Mexico & Orient!

Fearful pitchers walked Babe Ruth a total of 2,056 times!

**WEEDS ROB**

Pigweed, Lambsquarter, Smartweed Ragweed, and even Crabgrass use more plant food than corn, say Extension agronomists at Penn State. For example, these weeds contain twice as much nitrogen, 3 1/2 times as much potassium, 1 1/2 times as much phosphorus, 7 1/2 times as much magnesium as corn.

No wonder weeds account for nearly one-half of all crop losses—about \$7 billion—due to "pests." Late summer is a good time to get rid

of them.

If you are planning a long trip be sure to get the proper rest before starting out. Too little rest could cause you to become drowsy behind the wheel. Eternal rest could be the result.

The largest ship ever sunk was the 206,000-ton tanker, 'Marpessa,' owned by Royal Dutch-Shell, in 1969, though empty, she was sent down on her maiden voyage by an explosion!
